CREATOR SPACE LA

A visual and simple website that shows events
and rentable spaces for an events venue is LA.

[Home](#) | [About Us](#)

Innovation

Creator Space goes beyond mere spaces; it's a vibrant ecosystem where ideas flourish and creativity finds its voice.

Creativity

Our space is more than a venue; it's a dynamic hub where connections spark, partnerships thrive, and innovations come to life.

Collaboration

We aim to cultivate meaningful partnerships, promoting teamwork, shared ideas, and synergistic innovation for mutual growth and success.

WELCOME TO CREATOR SPACE

A Venue and Community Fostering Inspiration and Transforming Visions into Reality

OUR VENUE

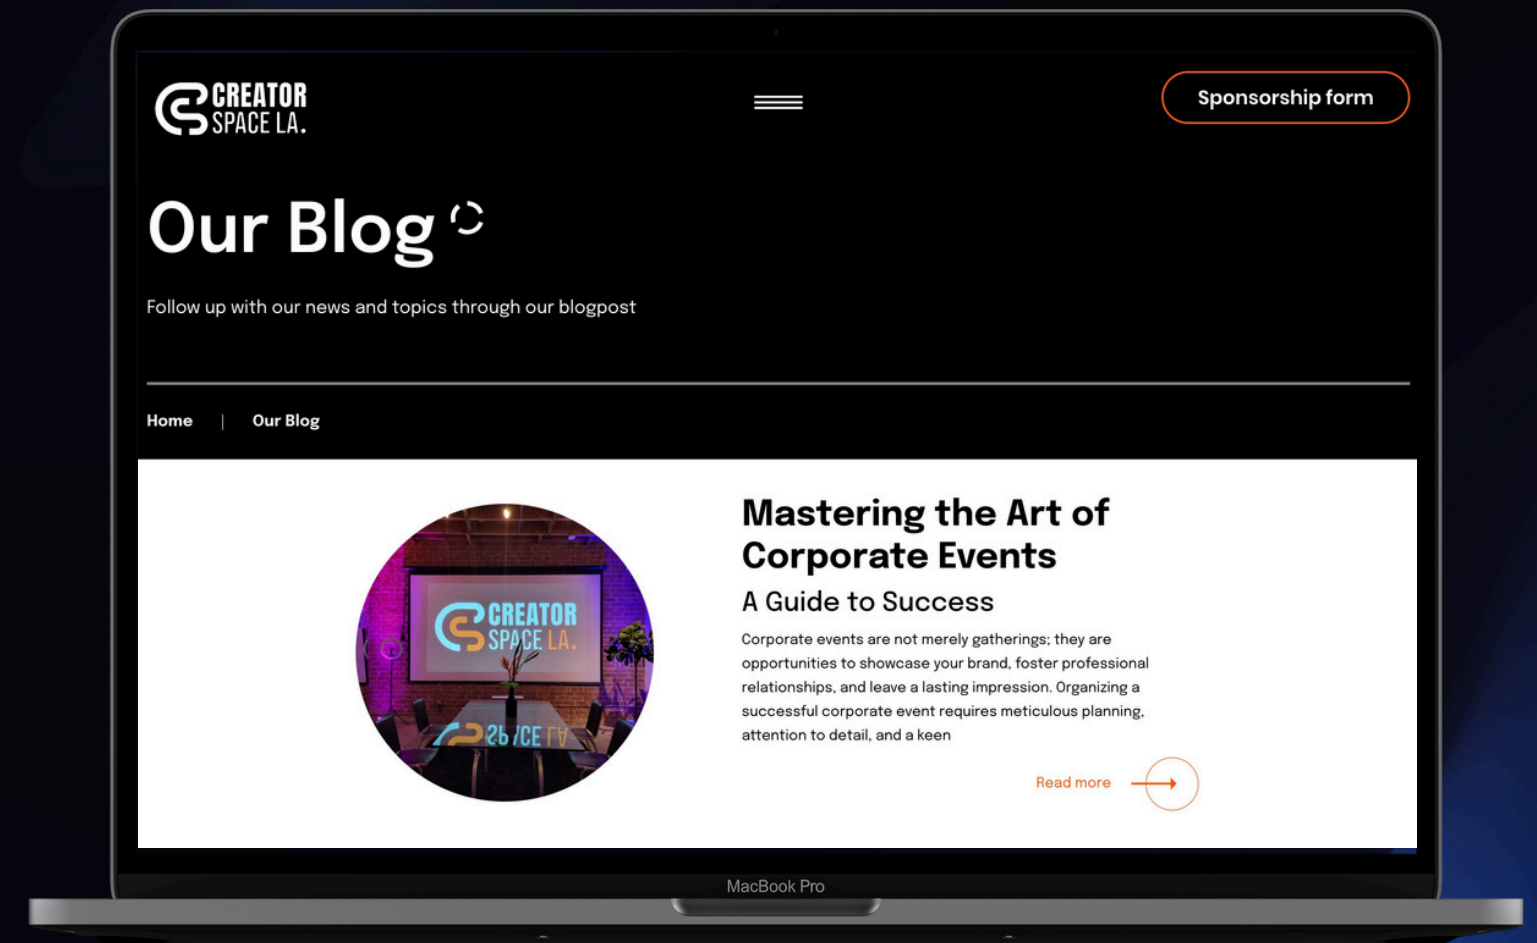

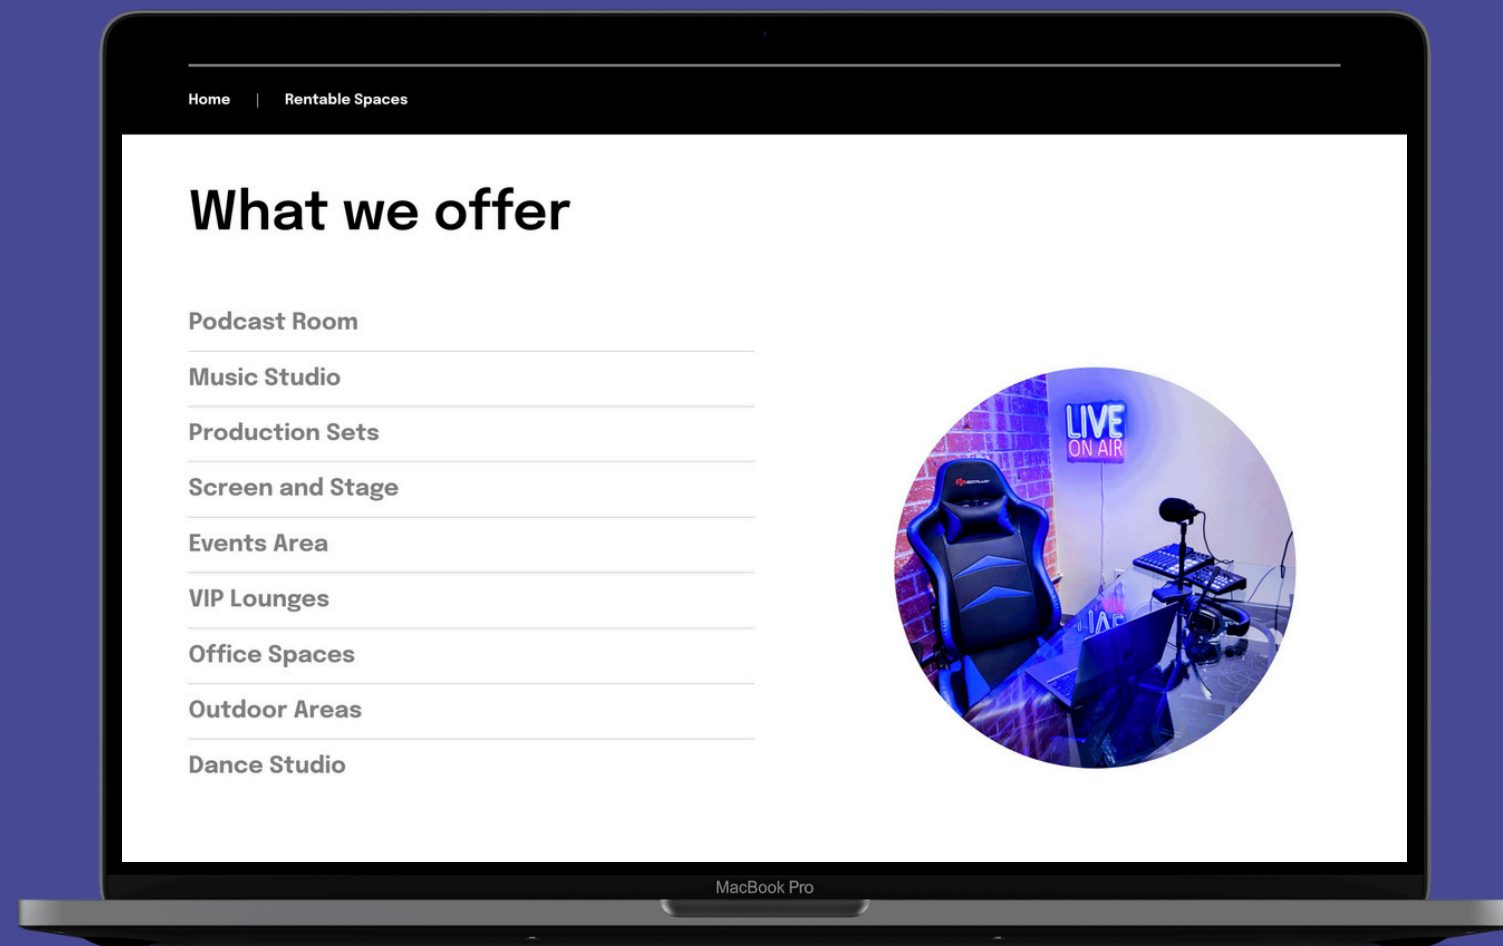

Creator Space LA is a state-of-the-art event venue nestled in the vibrant heart of Santa Monica. With a sprawling 7,050 square feet of flexible space, we offer a versatile canvas for events of all scales. From corporate conferences and product launches to intimate workshops and social gatherings, our space is meticulously designed to cater to every event need. Experience great events, top-notch technology, and a team dedicated to bringing your vision to life.

OUR GOAL

Our goal is to provide a vibrant and inspiring environment where artists, influencers, and innovators can collaborate, create, and bring their ideas to life.

WE POP BOTTLES

An interactive friendly customized website for a
wine tasting community

celebrating
diversity In wine

we pop bottles is a Los Angeles wine tasting community that celebrates diversity in wine. we host wine tasting meetups, wine country retreats and unique wine experiences for people of all backgrounds and experience levels.

the community was established in 2020 by Marcella Thompkins, an Afro-Latinx wine industry professional who believes in being the change you want to see.

FAQs

How much does it cost to join?

There is no charge to become a member of our community. There are a few ticketed events that range from \$50-150, but for most of our meetups, you are just responsible for purchasing your own wine.

What if I don't know anything about wine?

This community is for wine lovers of all experience levels. Whether you're an industry pro or an enthusiastic beginner, there is something for everyone here. All we ask is that you come to our events with an open mind.

Where do your events take place?

Our events take place in Los Angeles but we are interested in expanding to other cities. Let us know where you'd like to see us next!

RYAAN SAYEGH

A simple website showcasing a software
development portfolio

ABOUT ME

Who am I?
Hello, I'm **Ryaan Sayegh**. I'm a developer with a passion for technology. I use my skills and knowledge to help businesses and individuals achieve their goals by creating innovative software solutions, building websites, and developing apps. Let's work together to bring your vision to life and make a lasting impact in the digital world.

What are my values?
As a versatile and knowledgeable developer, I bring a passion for technology and a drive for excellence to every project I work on. Whether it's website development, app creation, or custom software solutions, I have the skills and experience to bring your ideas to life. I work closely with businesses and individuals to understand their unique needs and craft solutions that drive success and growth. Let's collaborate to build the next big thing and push the boundaries of what's possible in the digital world.

TESTIMONIALS

"Revolutionary Results."
Working with Ryaan on our web development project was a game changer for our company. The end result exceeded our expectations and the process was seamless. We highly recommend Ryaan for any software solution needs." *"Efficiency and Expertise Combined"*
Julian Georges
Founder of Lover Los Angeles

"Stunning Results with Boutique Beyrouth!"
Ryaan Sayegh transformed our vision for a premium clothing brand website into a reality. The website not only looks fantastic, but it also offers an exceptional user experience with its intuitive design and seamless checkout process. We highly recommend Ryaan for any web development needs.
Yara Taylor
Founder of Boutique Beyrouth

"Smooth Deployment and Maintenance Process."
Ryaan's attention to detail really shone through in the deployment and maintenance process of my project. Everything went smoothly and he was there to support me every step of the way. I highly recommend his services.

Government Technology

Smart City Signals

Developed new transportation solutions to help government agencies better manage their traffic signal and utility assets. This software could also be used by civilians in need of fast transportation to have some leverage on traffic signals if the need arises.

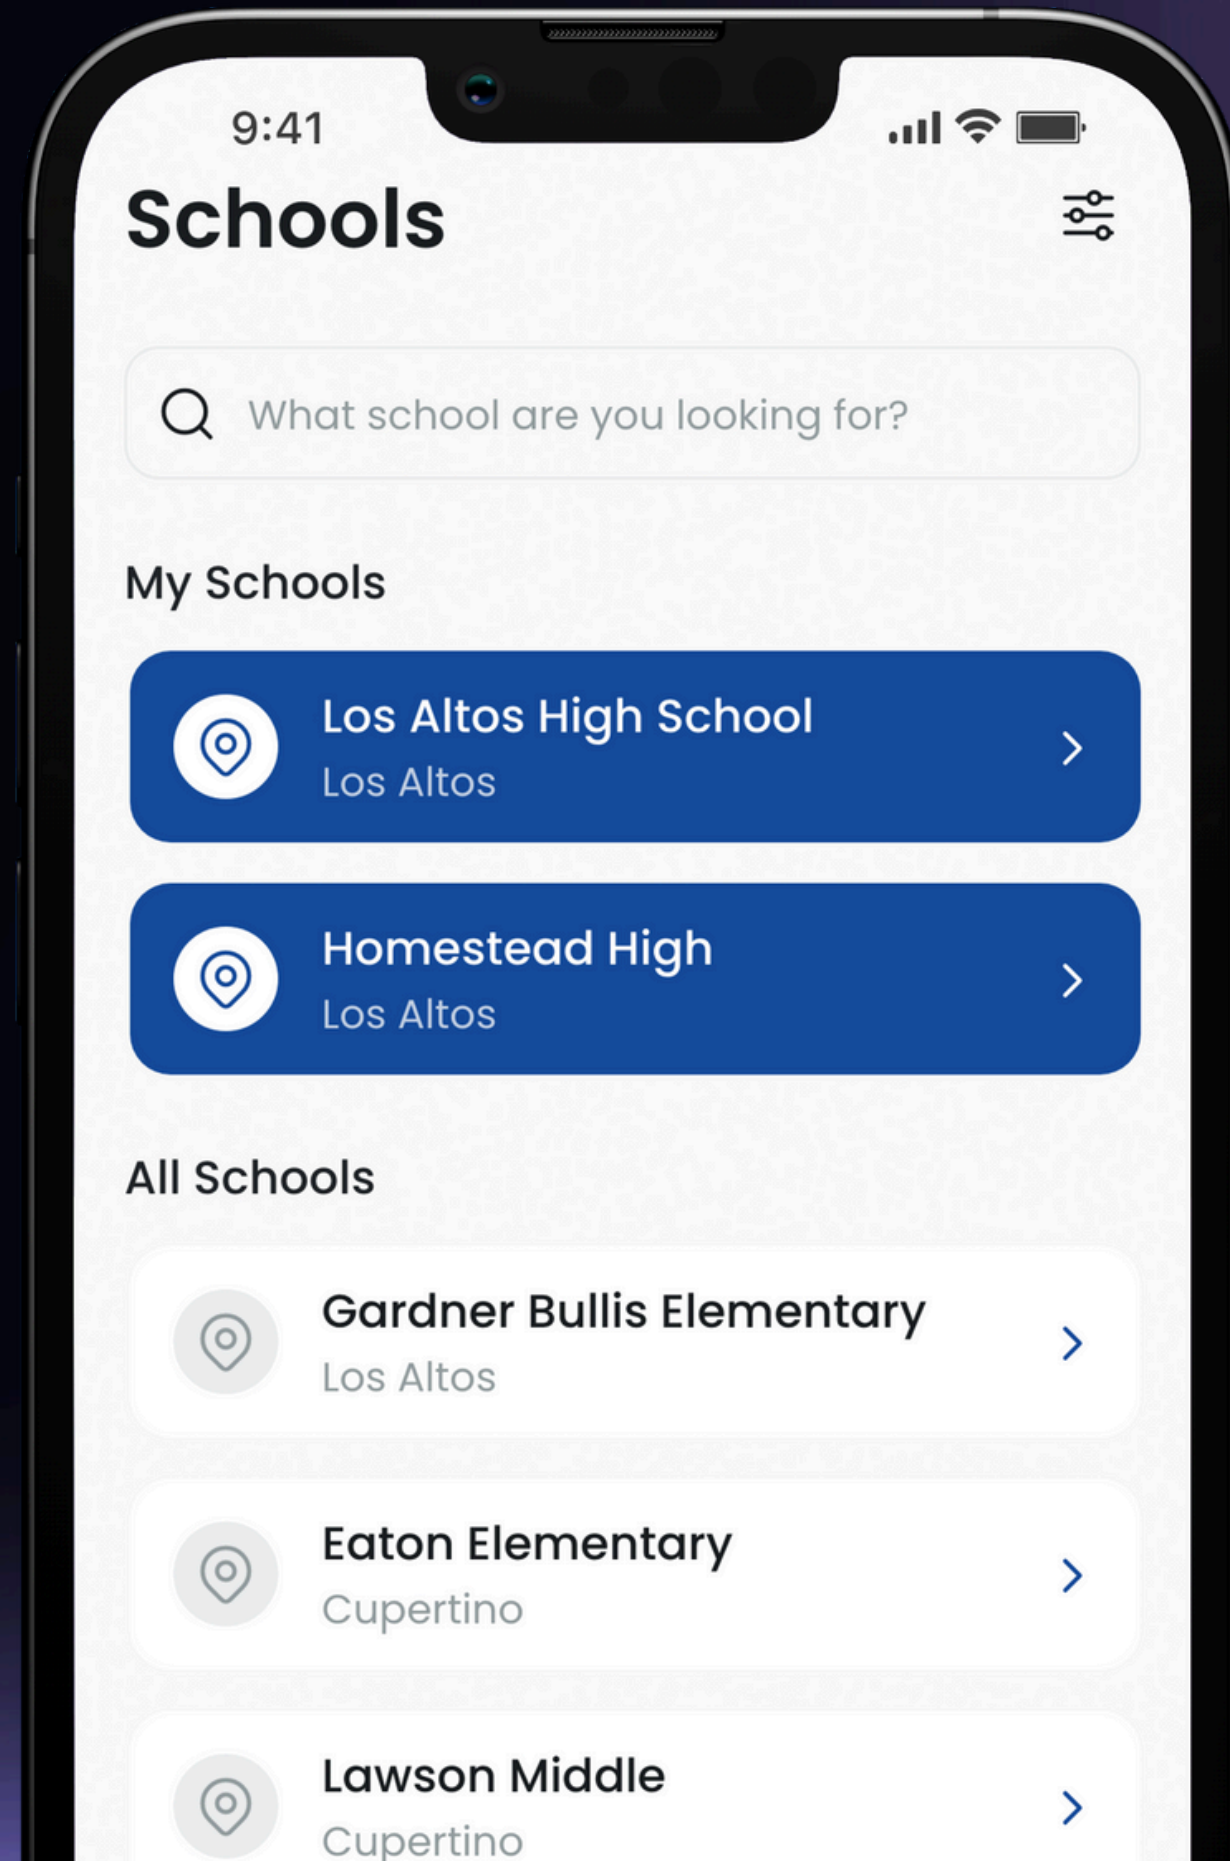

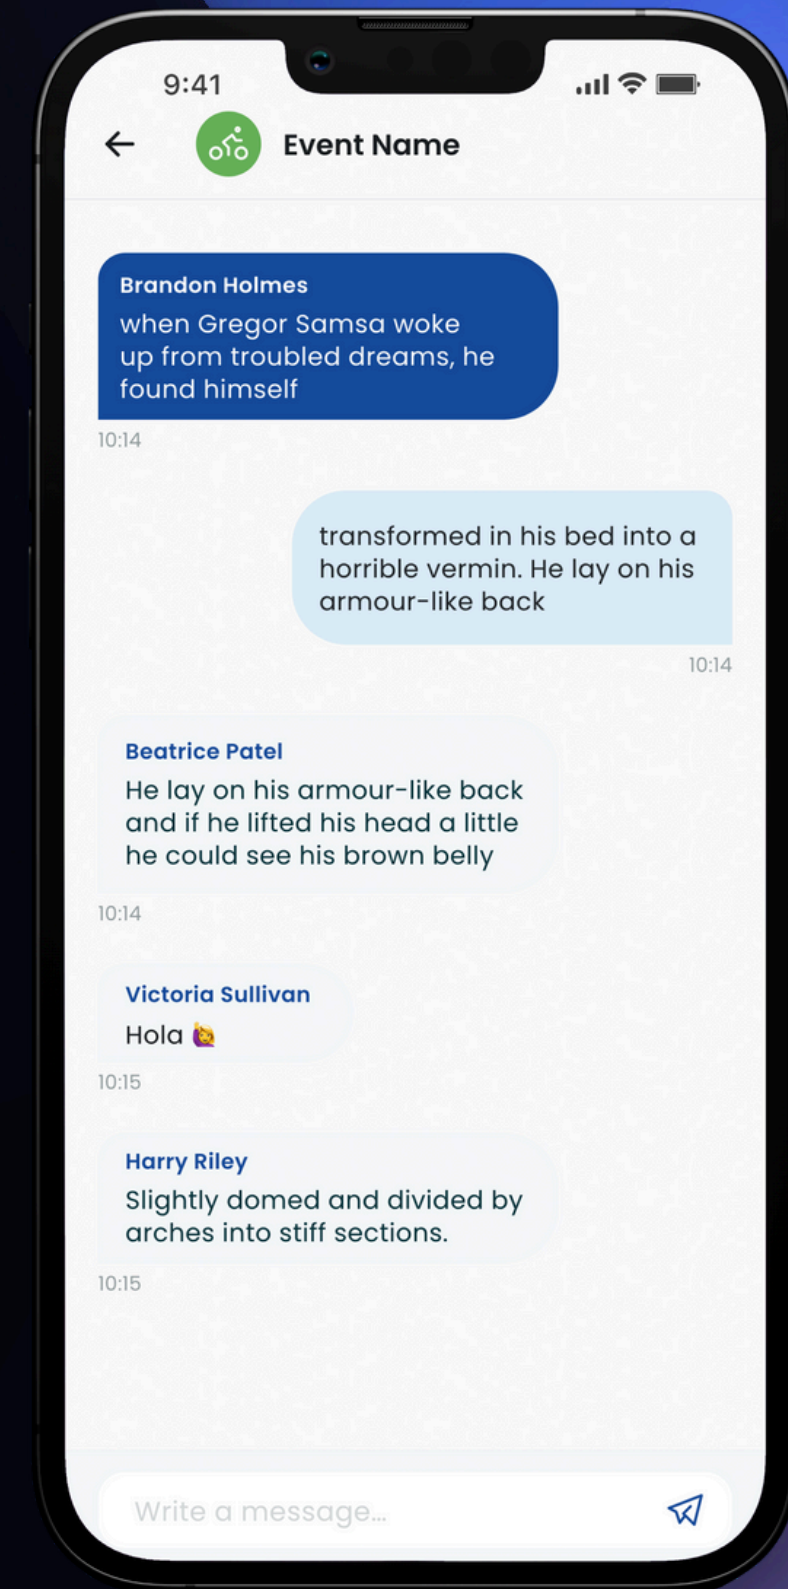

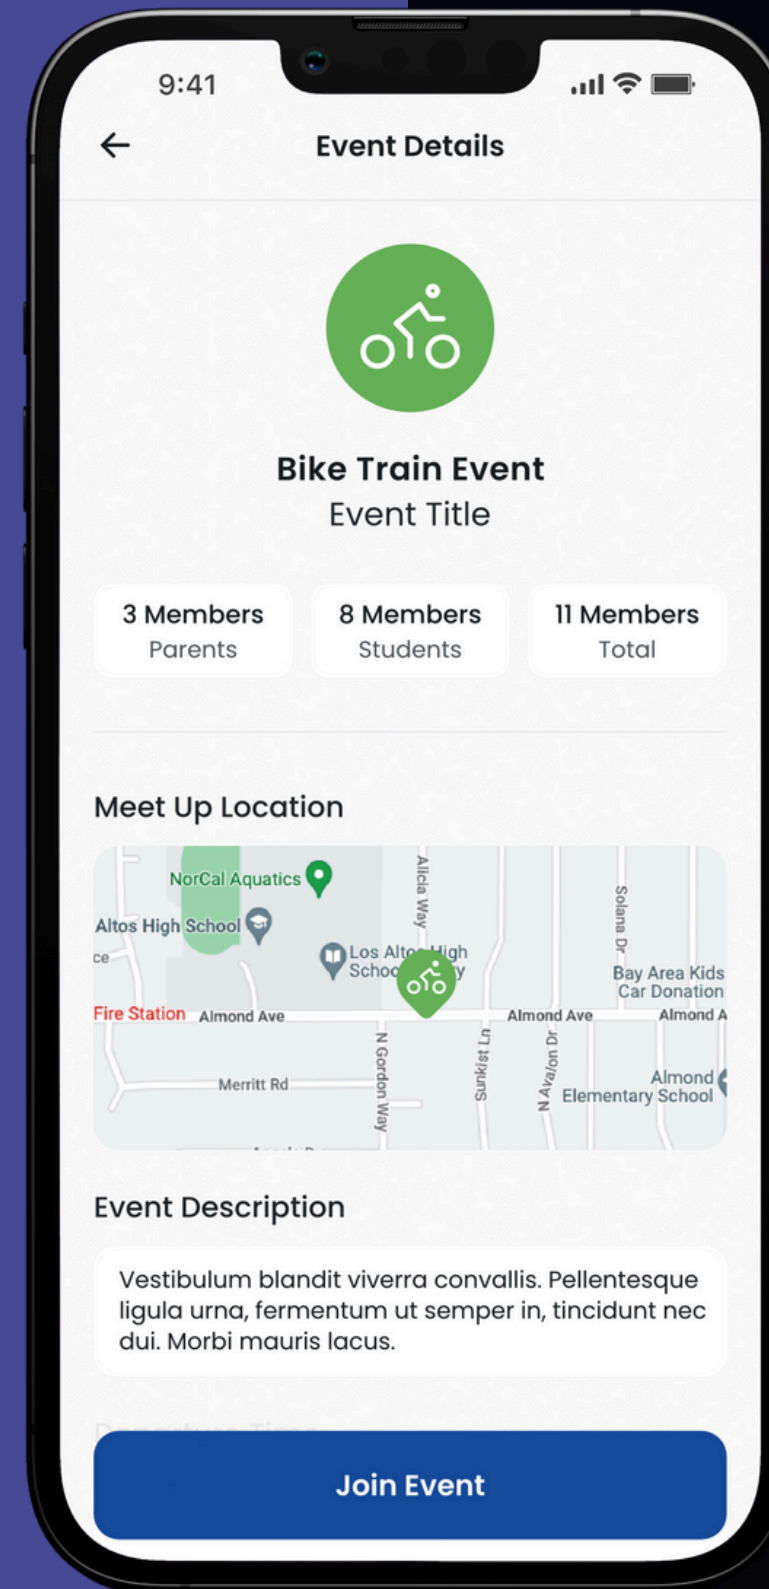

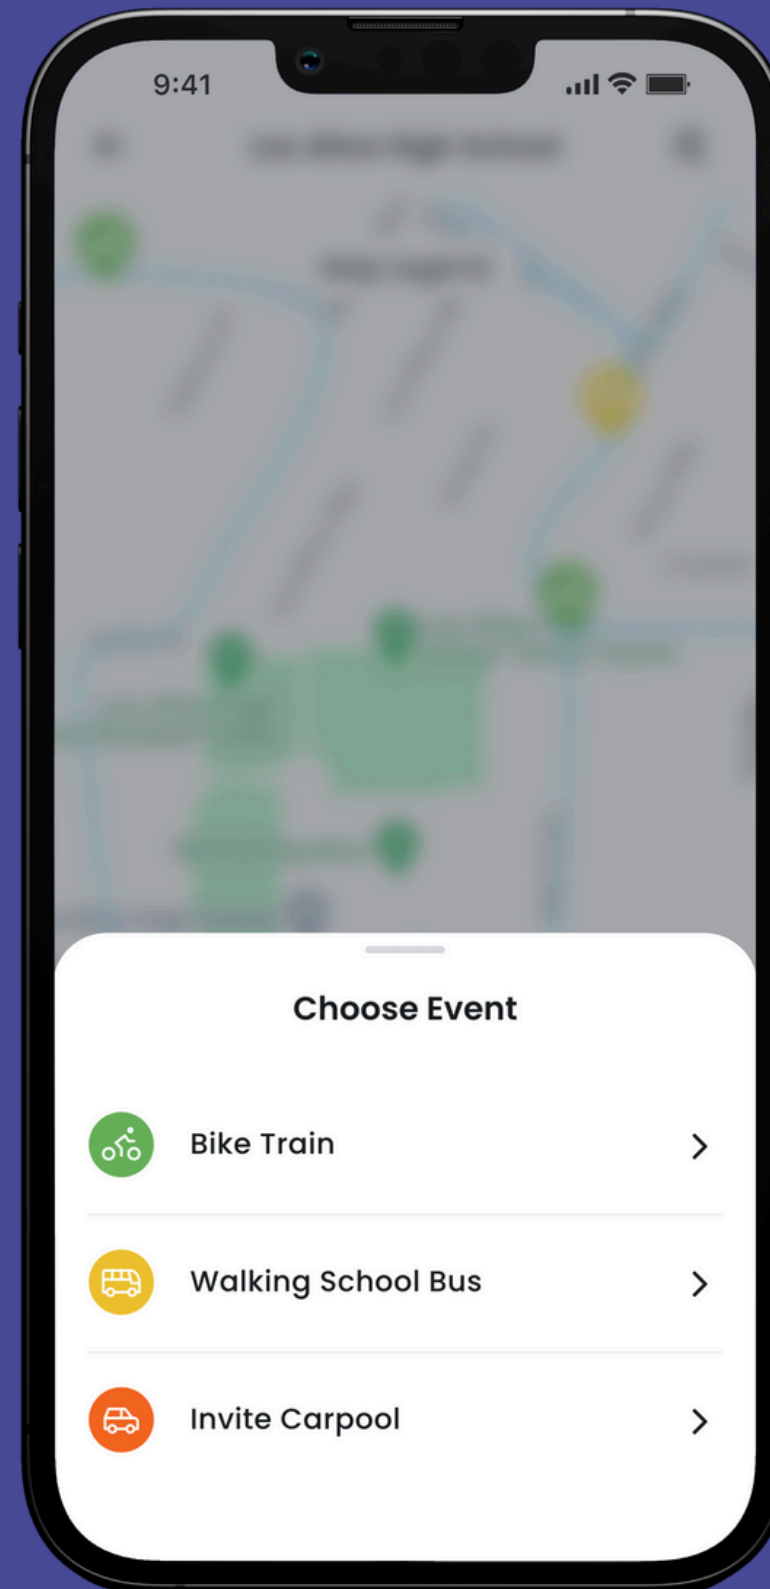

School Routes

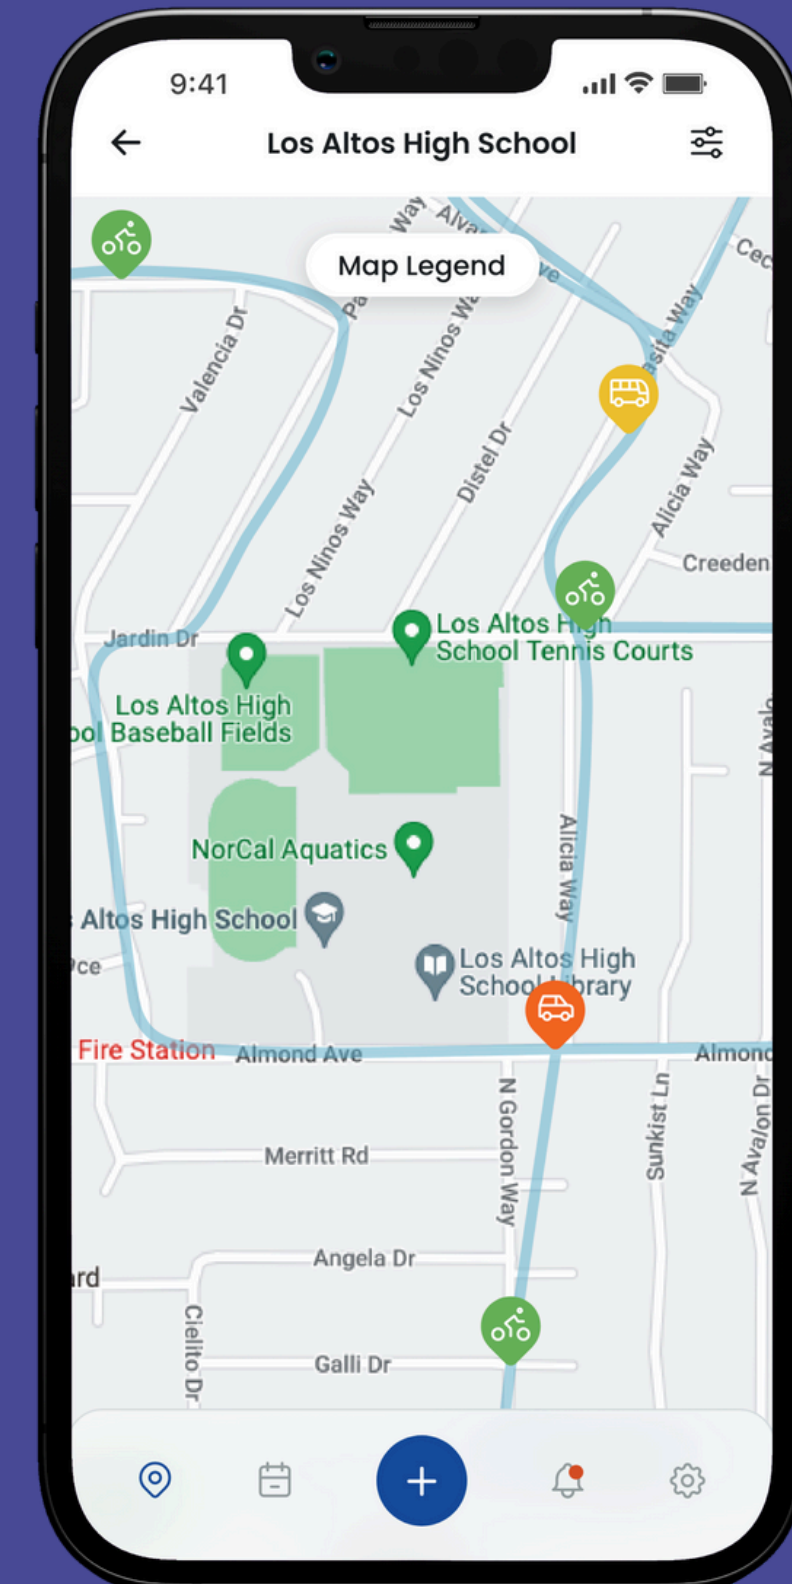

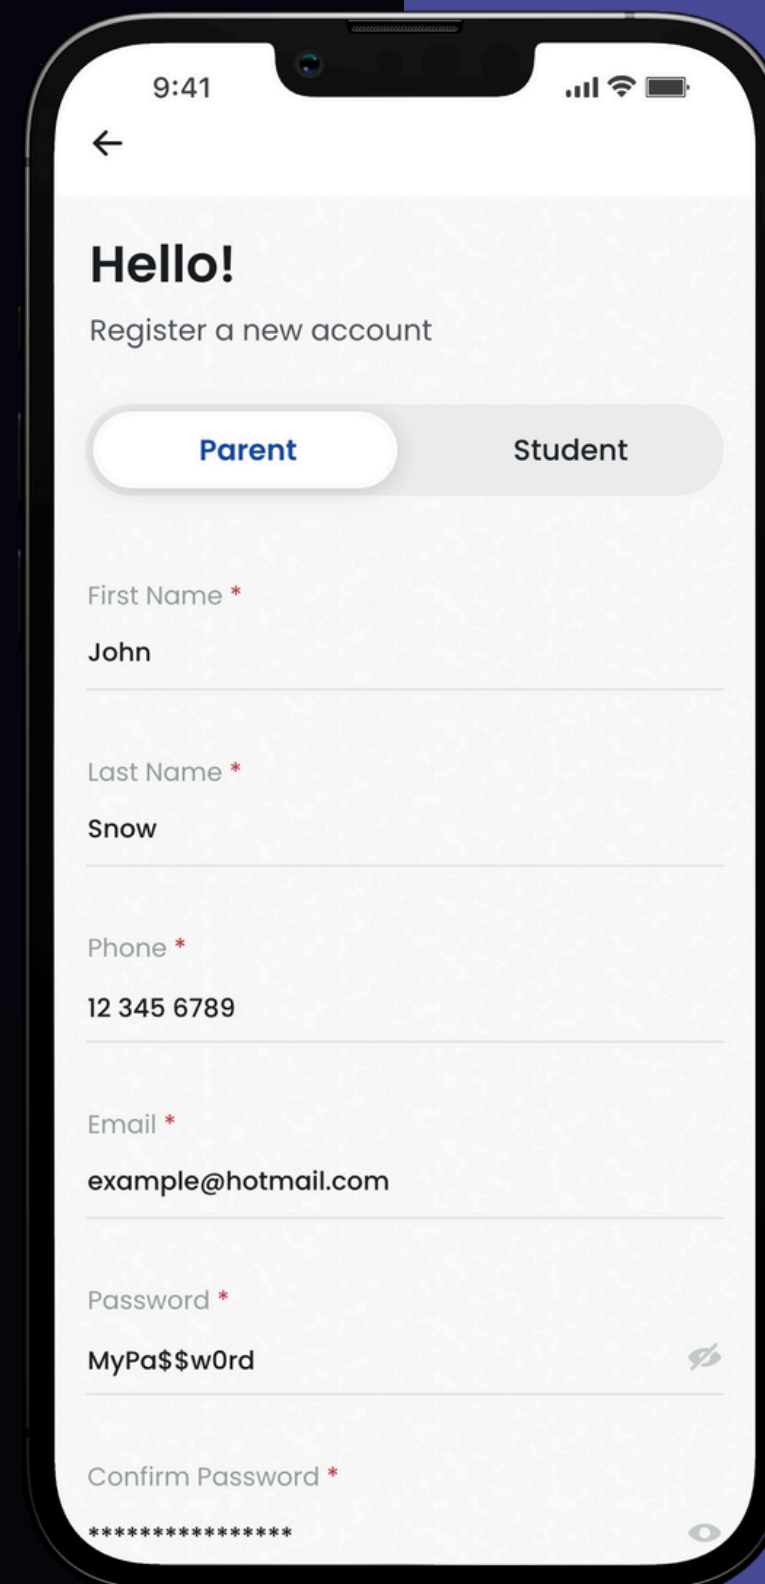

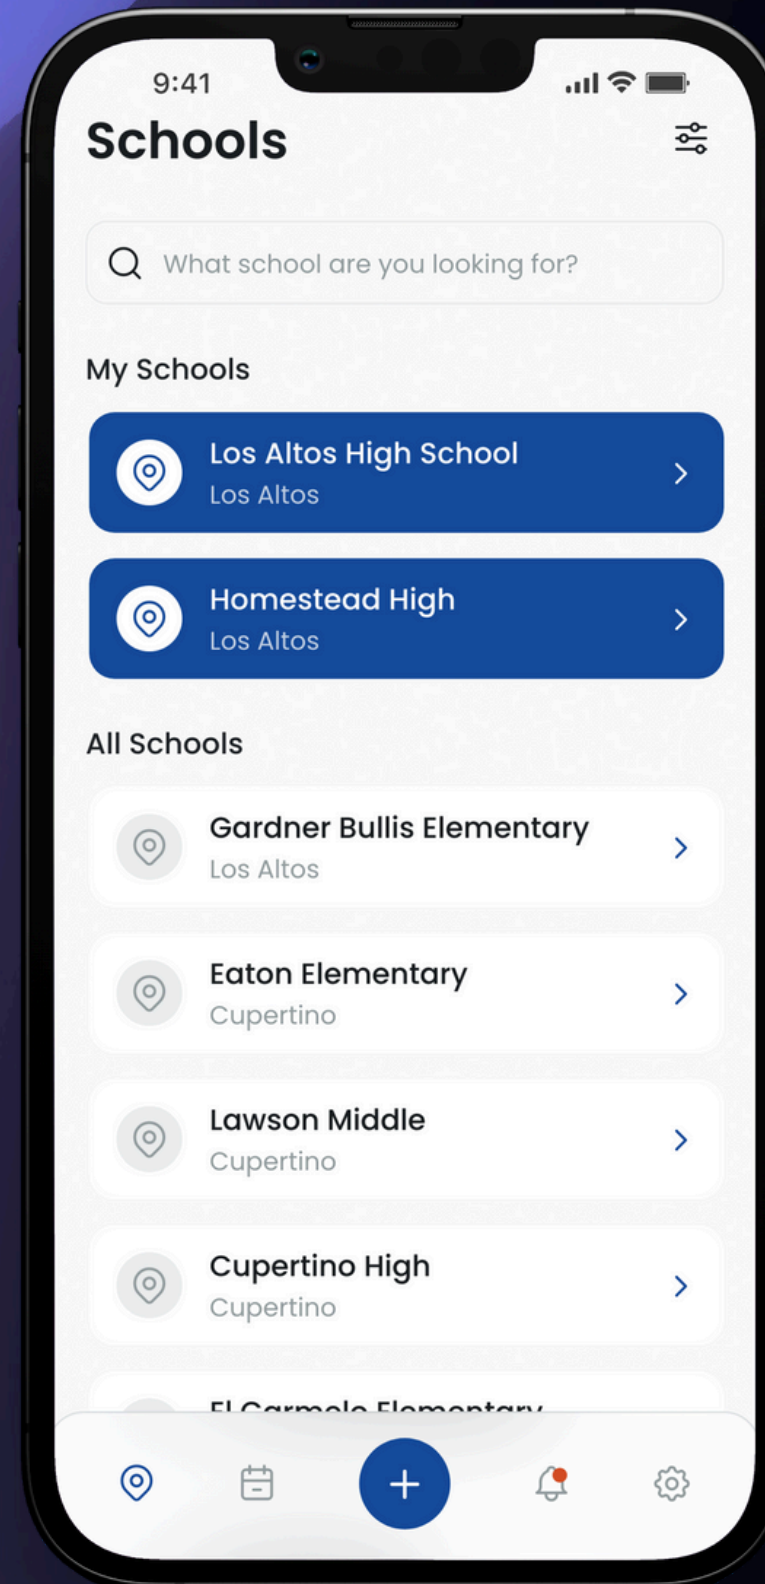

SchoolRoutes is a user-friendly platform app that helps parents and students organize safe routes to school, whether on foot, bike, or car. It allows easy communication, ensures student safety, and provides guidance for the shortest and safest routes.

School Routes Mobile App

SchoolRoutes is a cutting-edge app that helps parents and administrators organize and plan safe and sustainable routes to school. With its user-friendly interface and powerful features, it empowers families to take control of their transportation options and make sure their children are safe at all times.

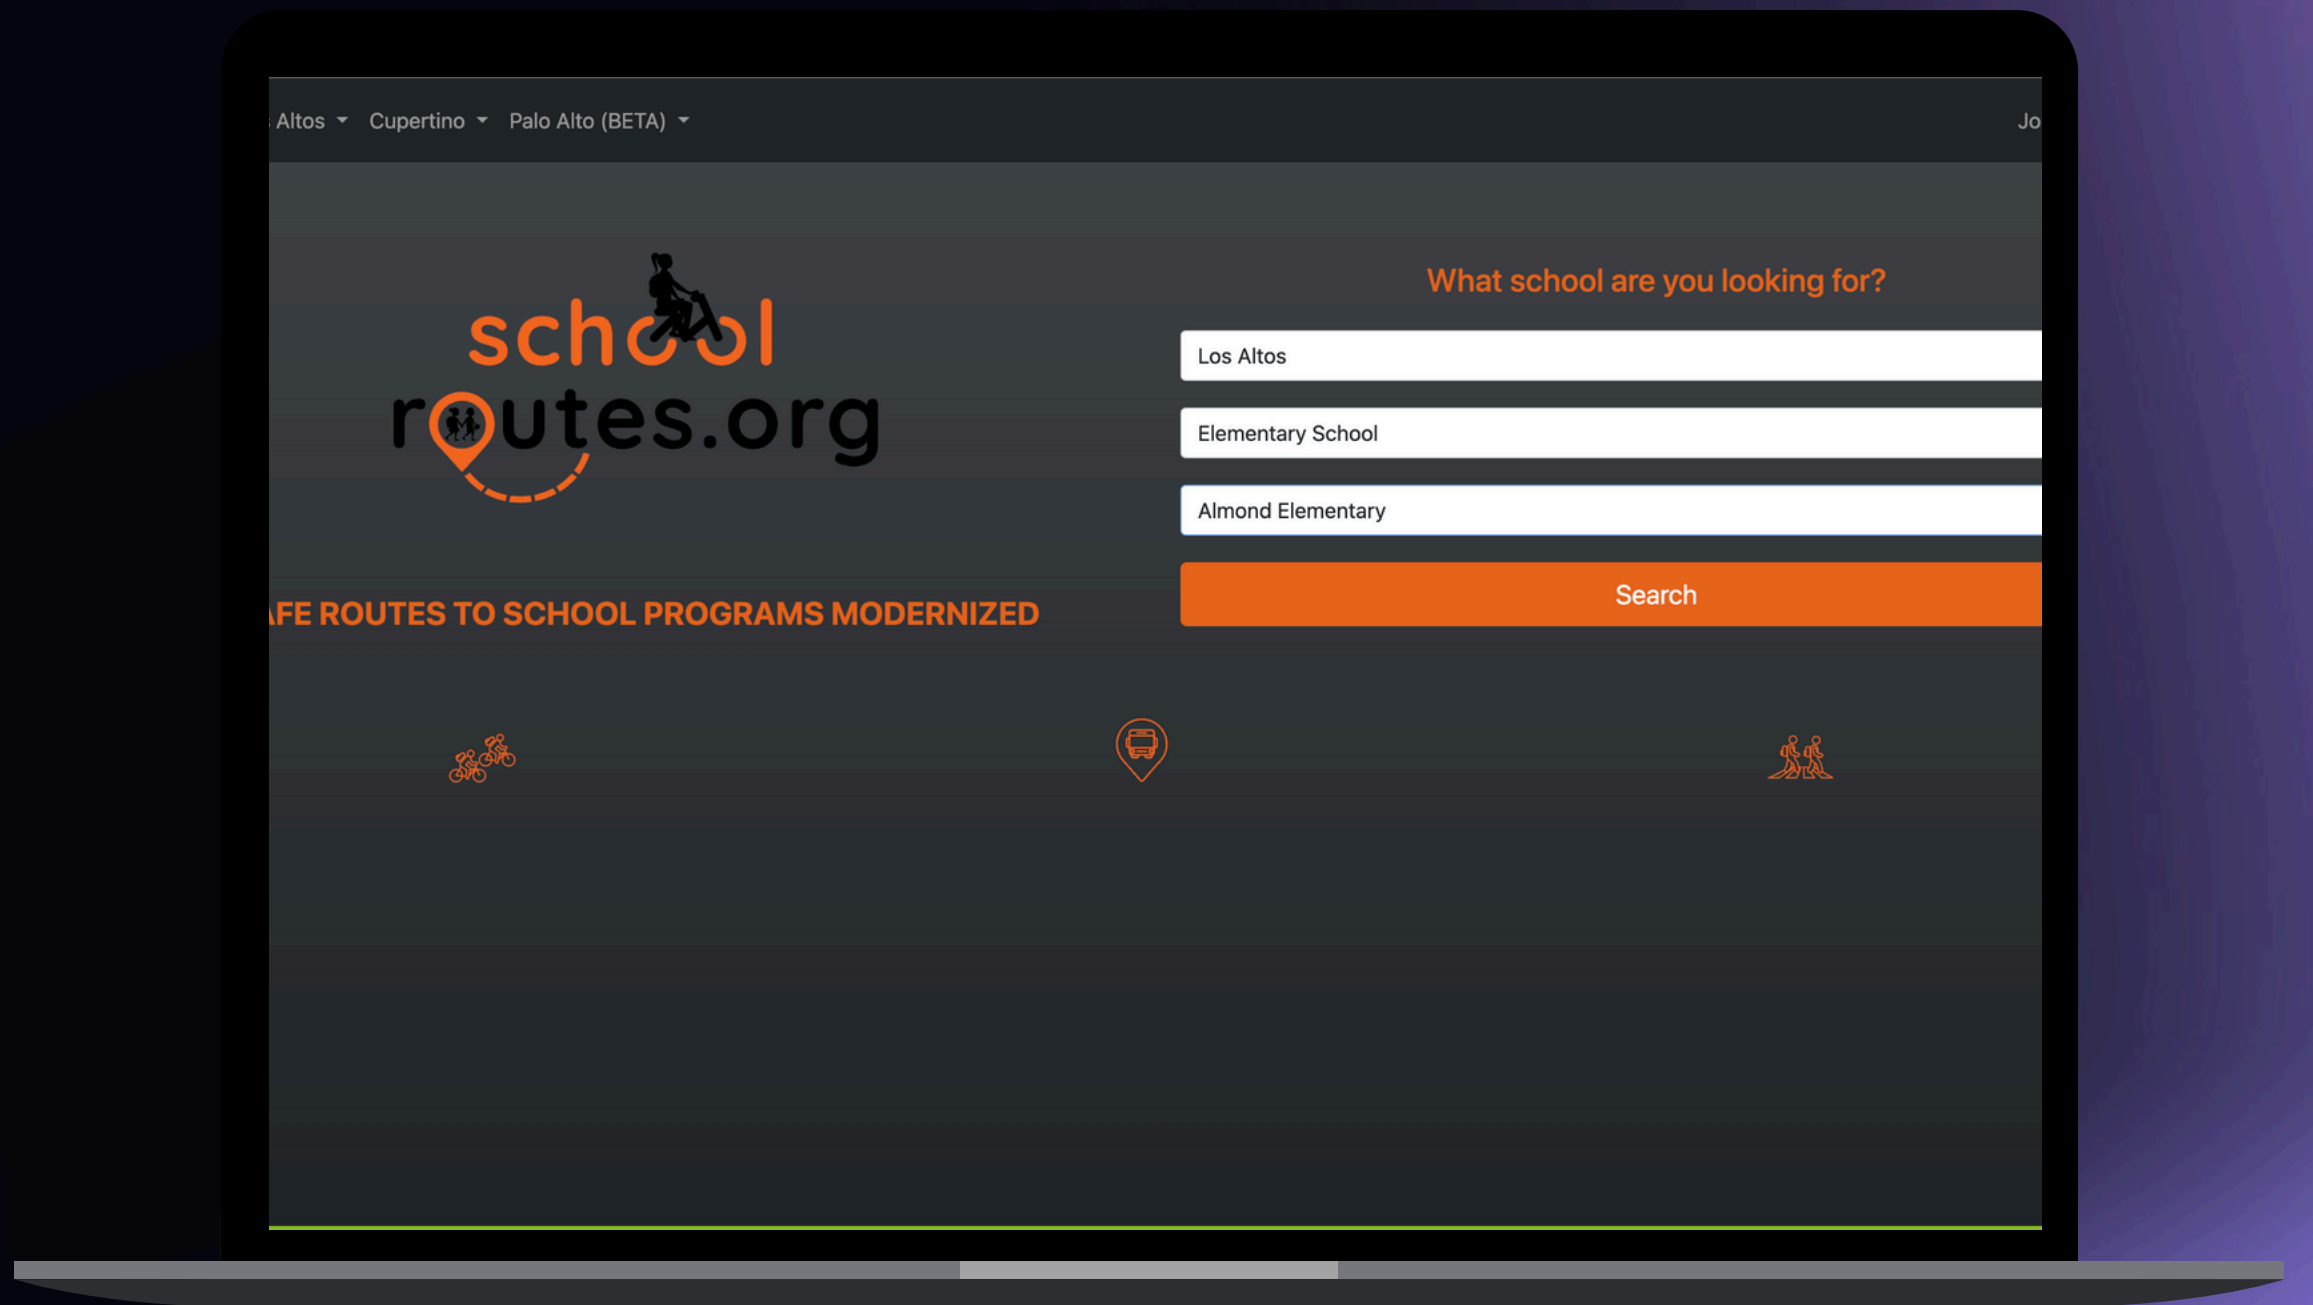

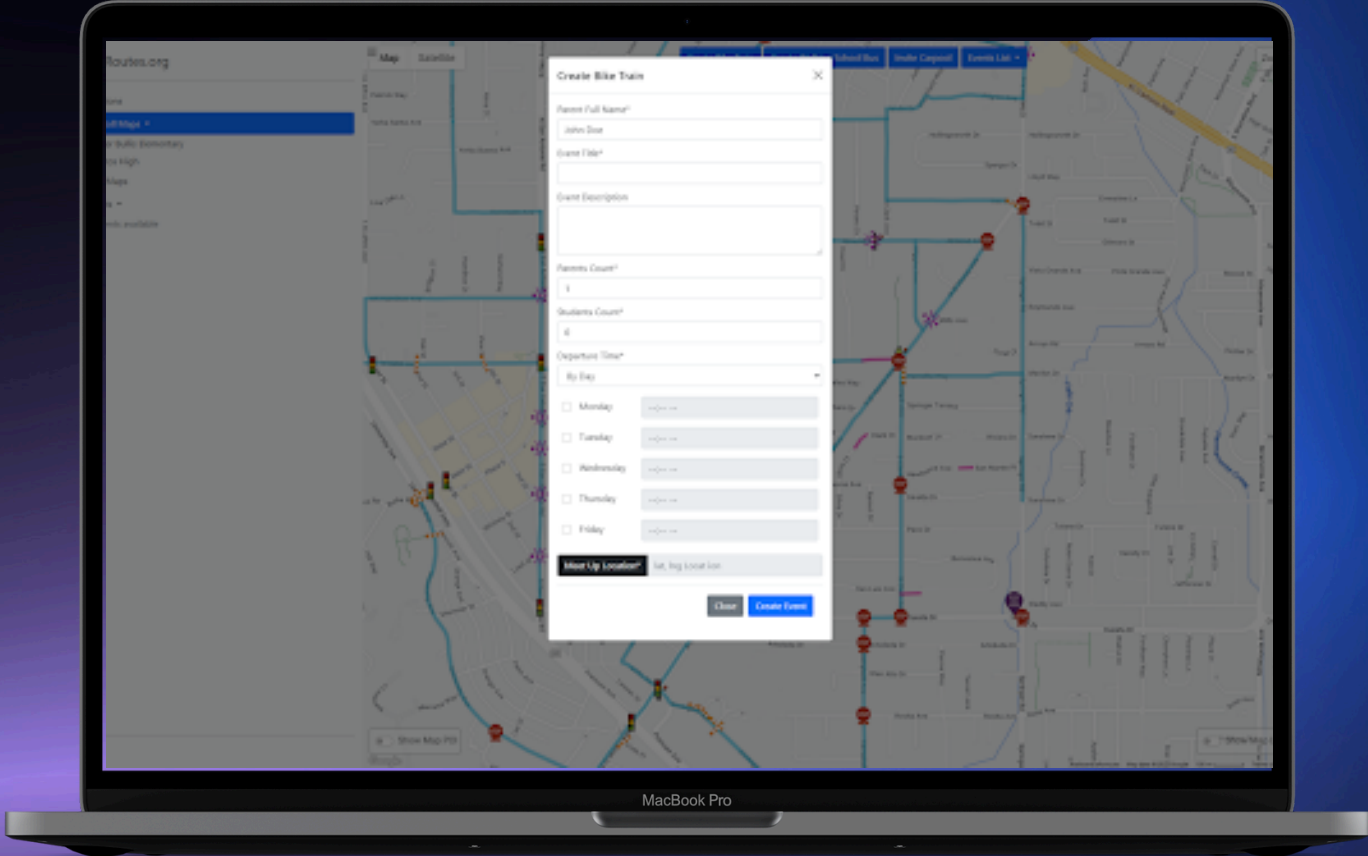

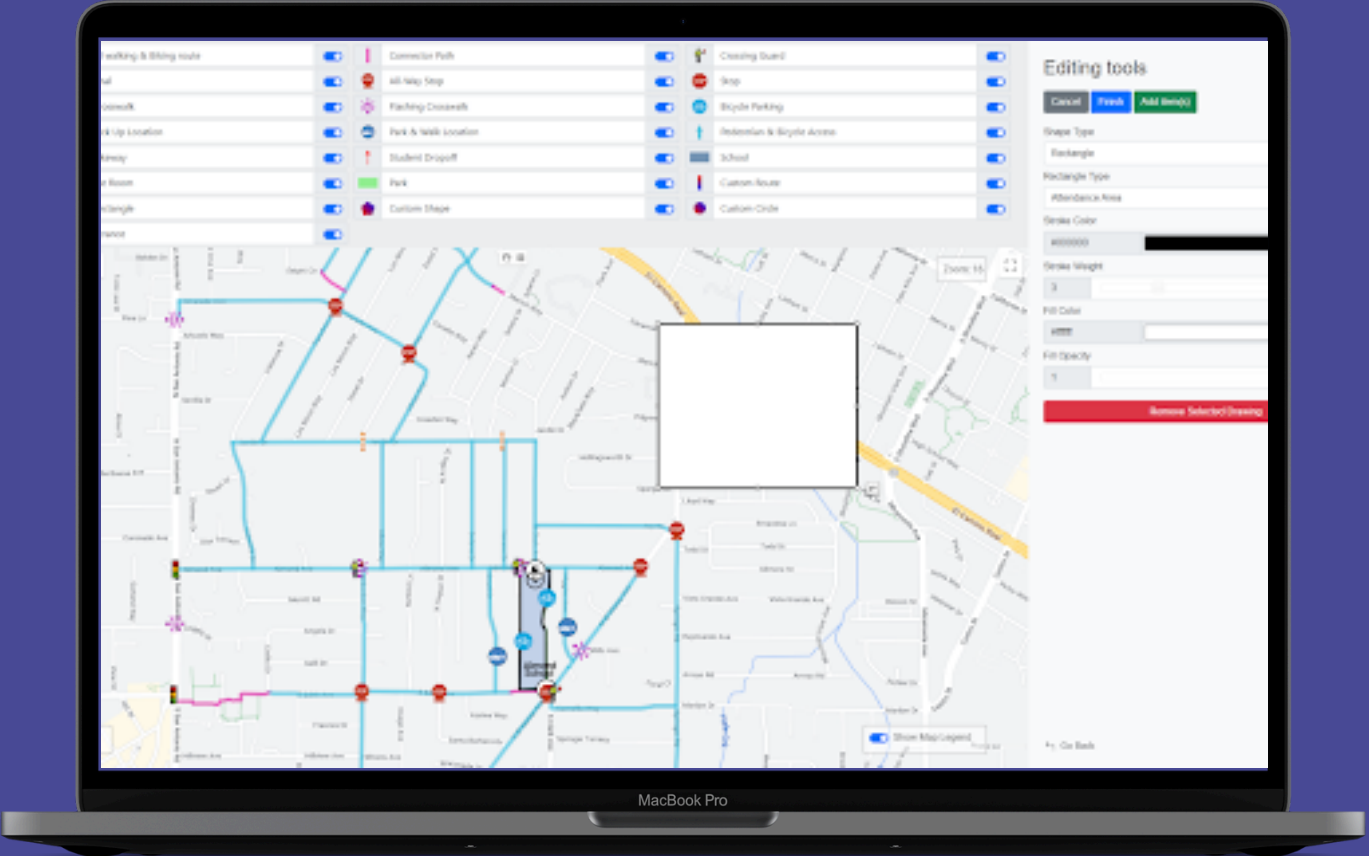

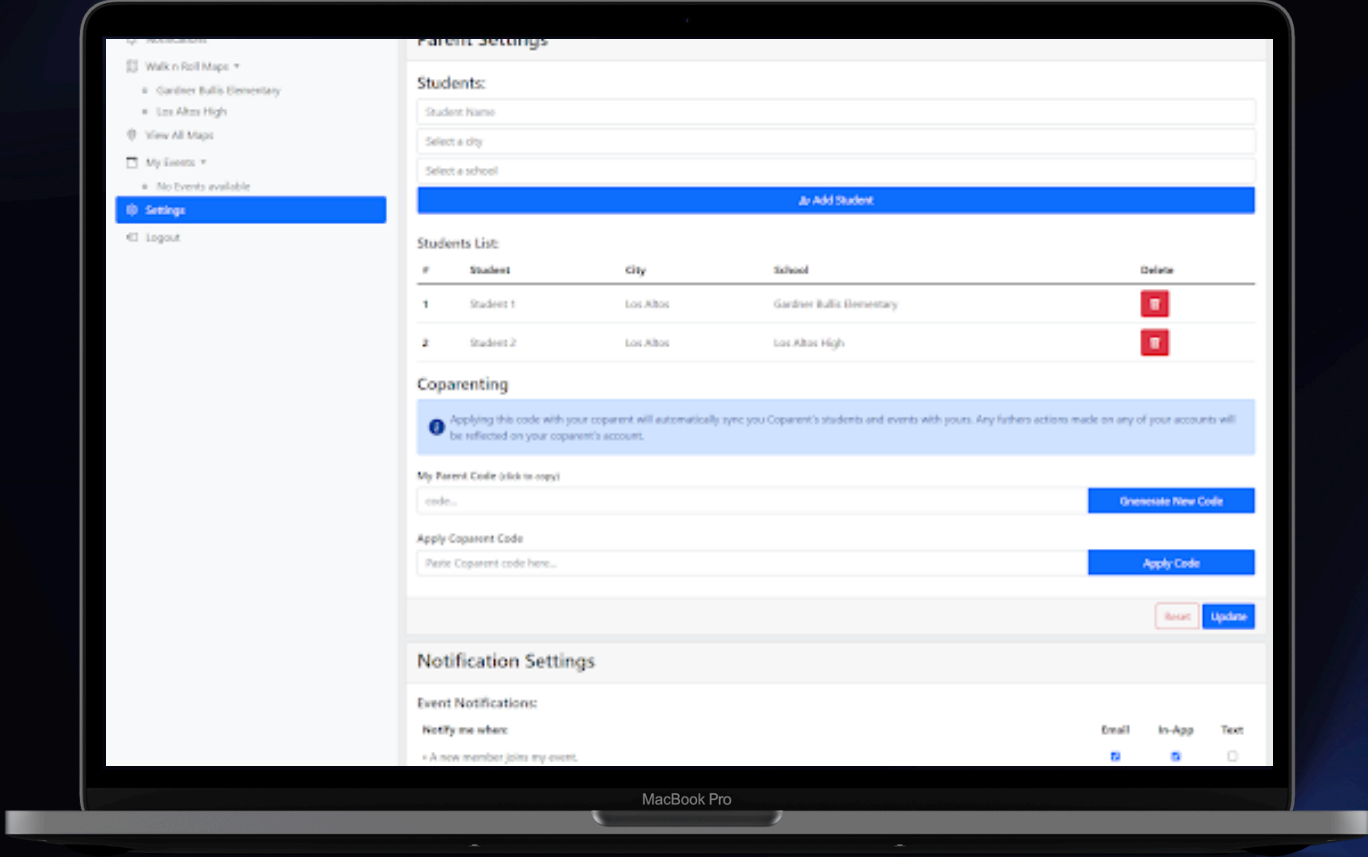

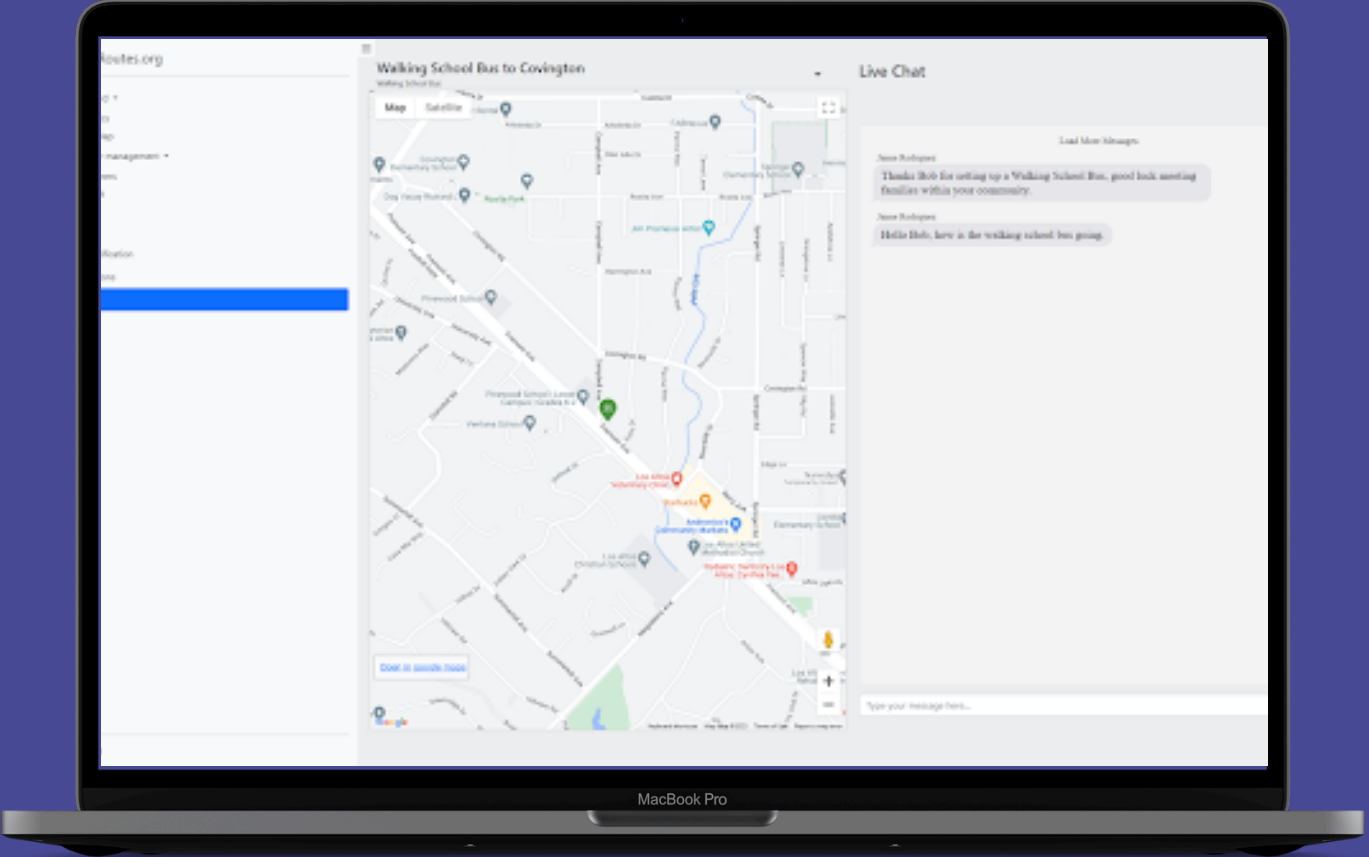

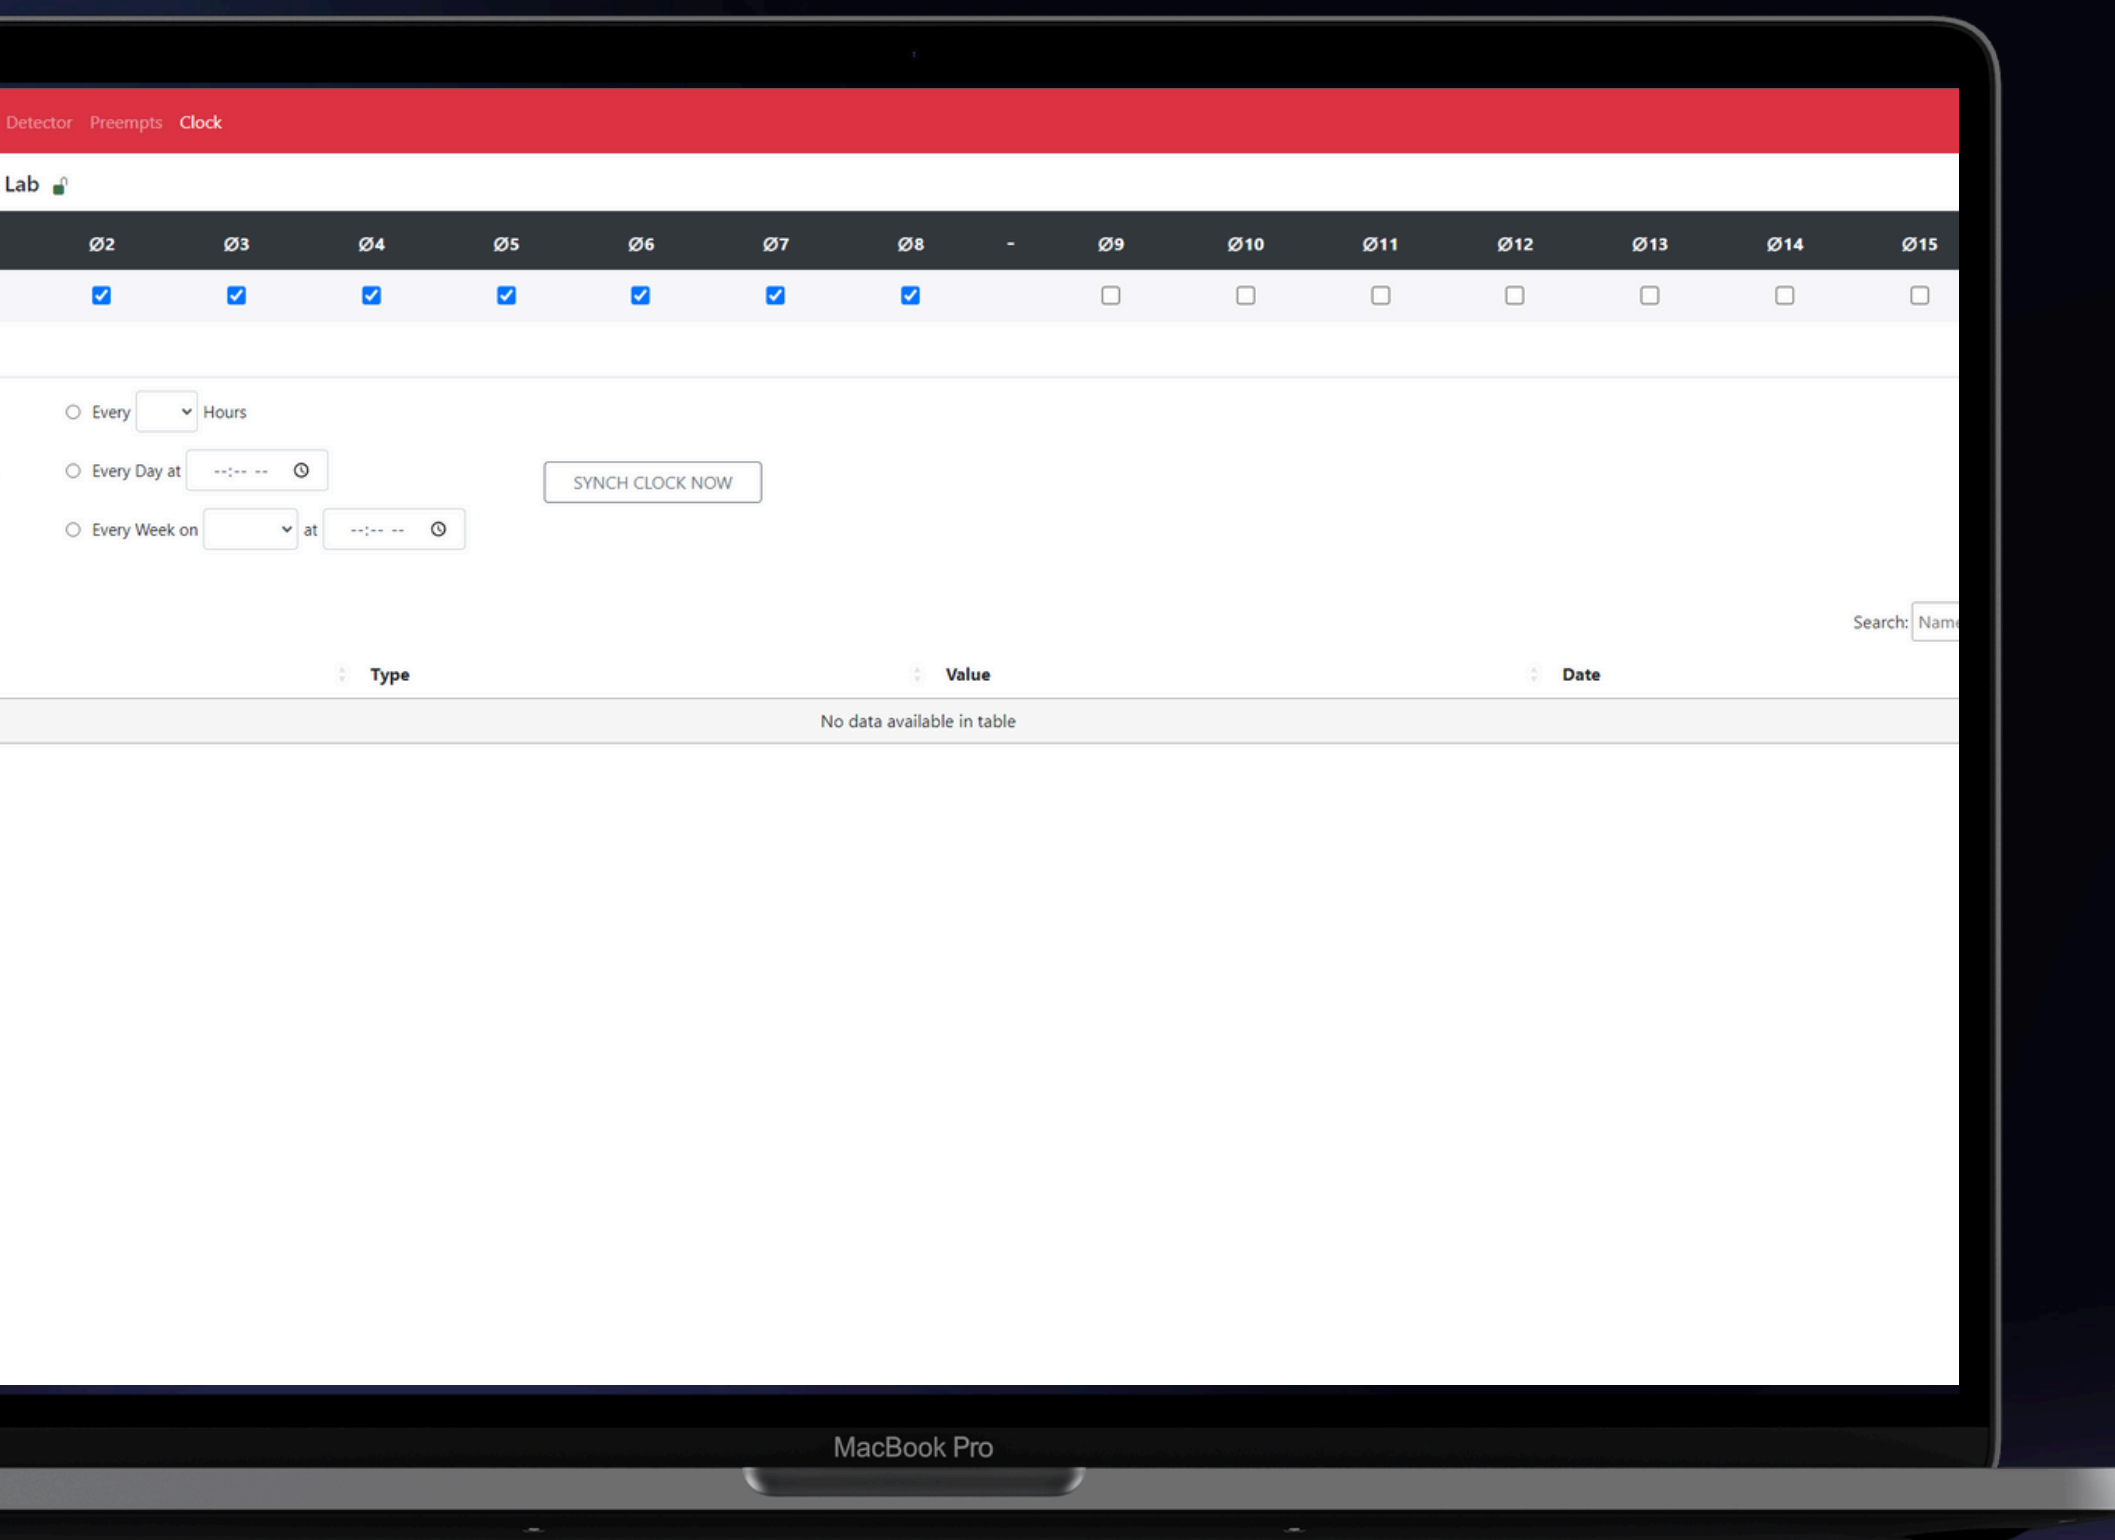

School Routes Admin Panel

SchoolRoutes Admin facilitates seamless updates and allows users to organize and join events like bike trains, walking school buses, and carpools, fostering a collaborative and efficient school transportation system.

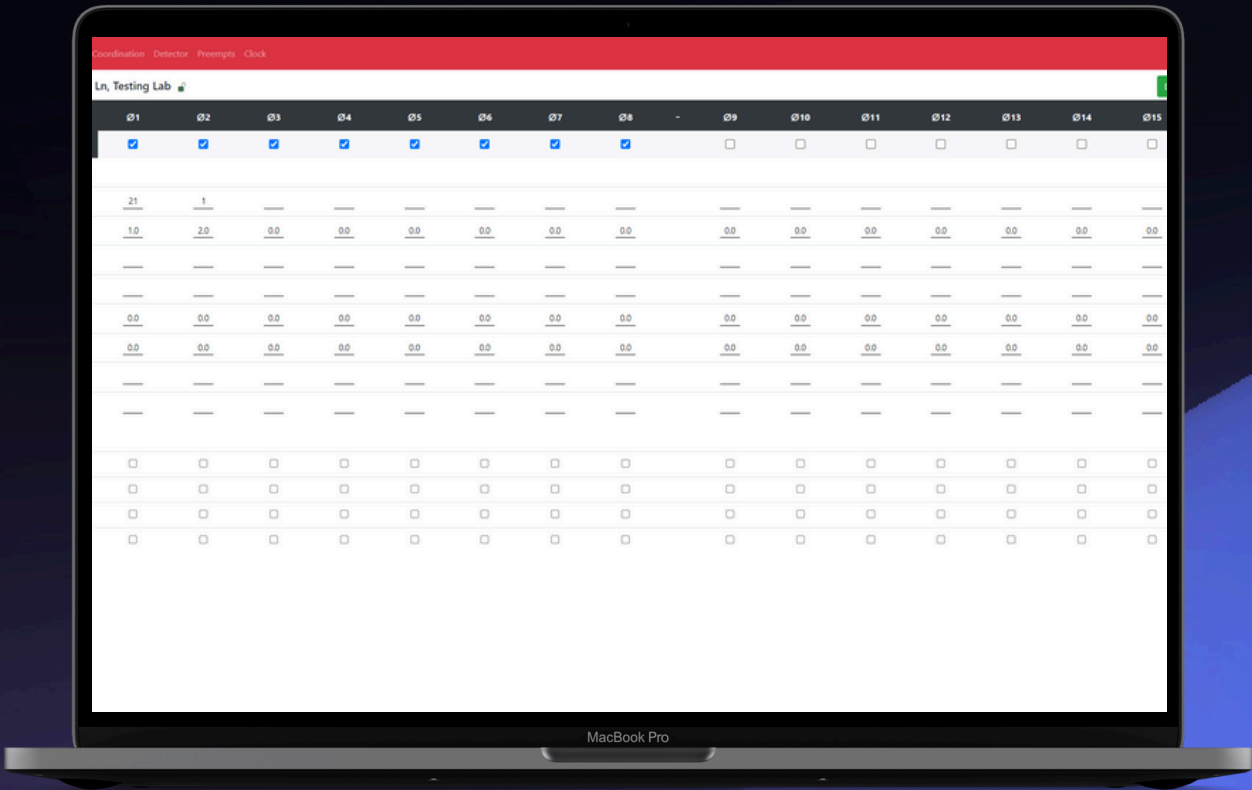

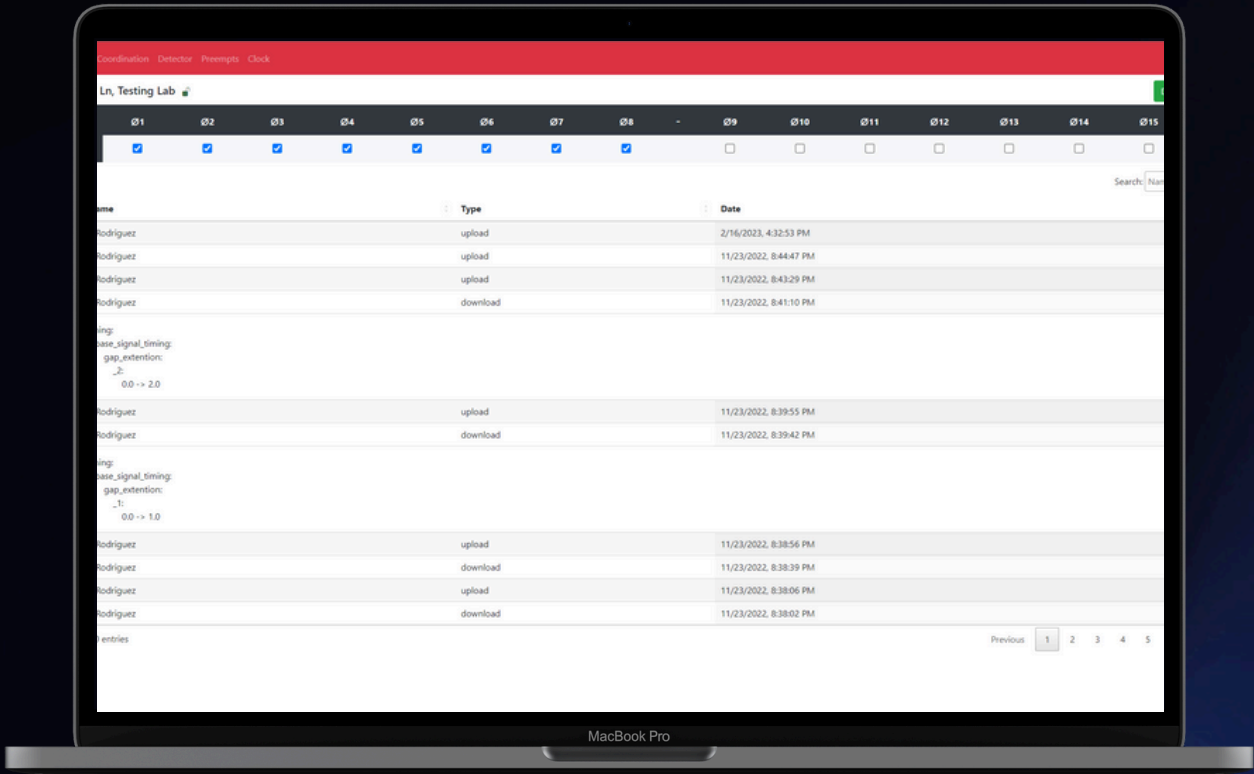

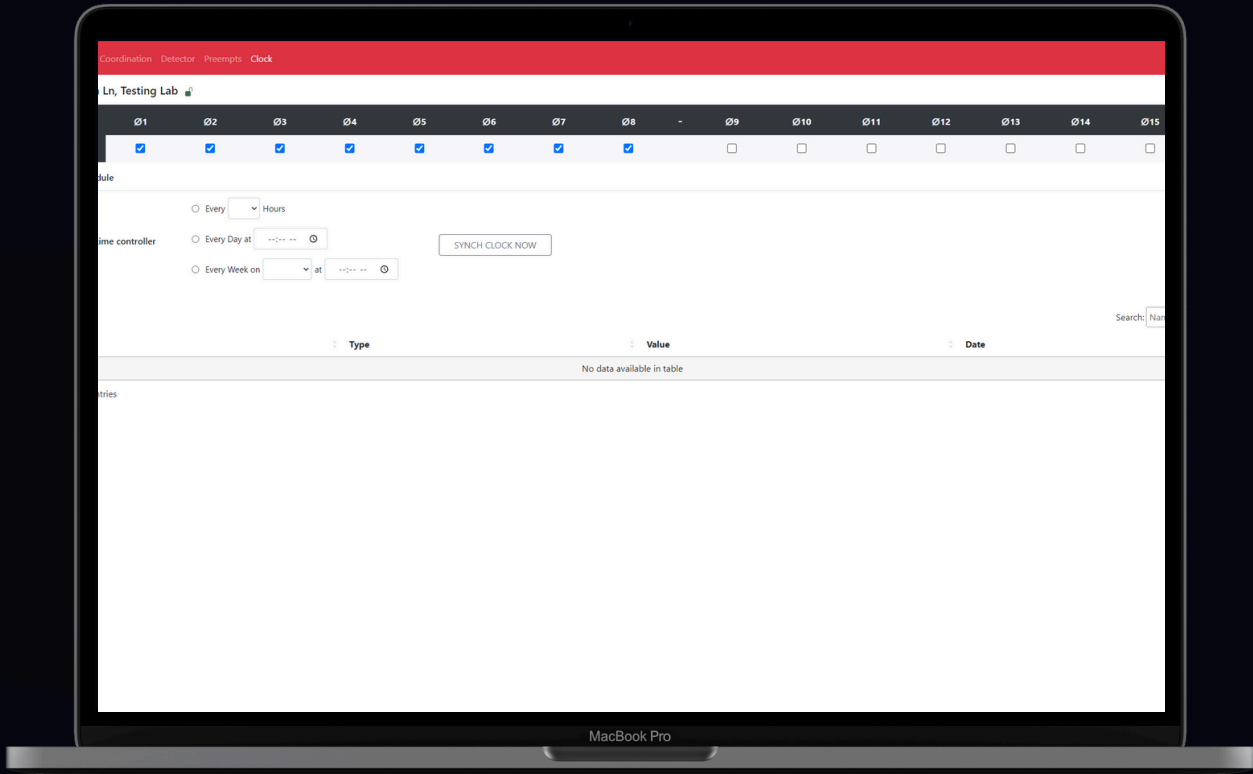

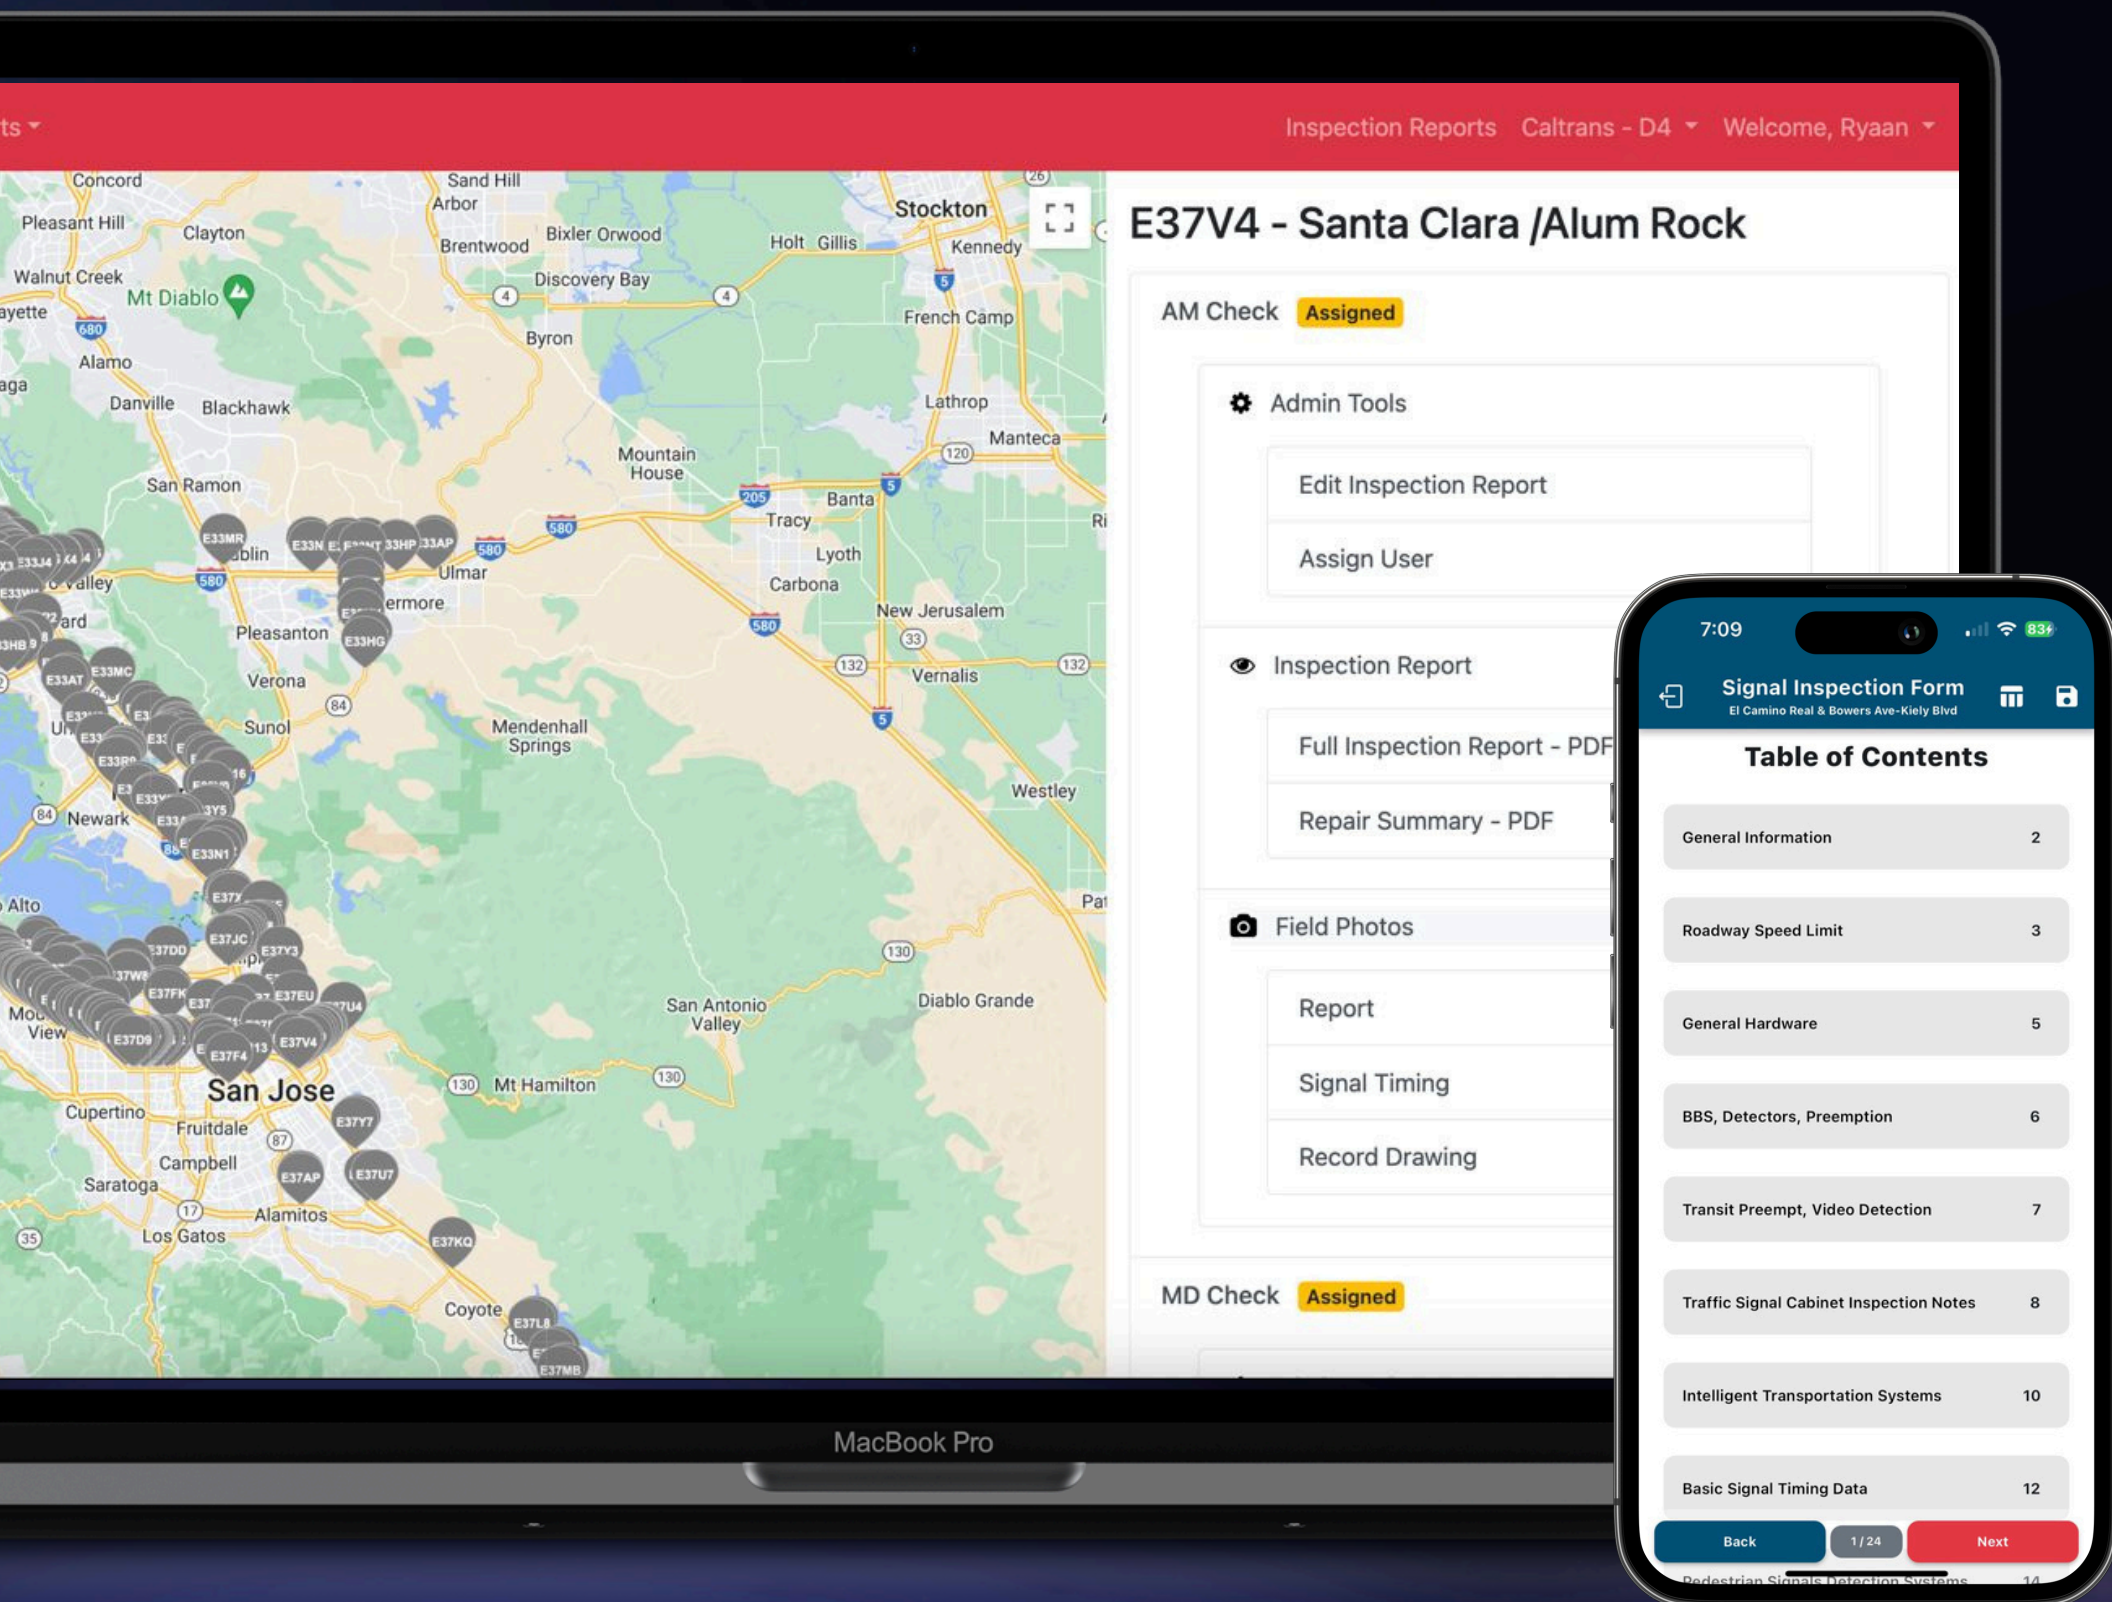

NTCIP

This NTCIP website allows traffic management administrators to easily update and configure the timing settings of traffic controllers, helping to keep traffic flowing smoothly and efficiently on roadways. With an intuitive interface and real-time updates, this website streamlines the process of managing traffic infrastructure and helps ensure the safety of drivers and pedestrians.

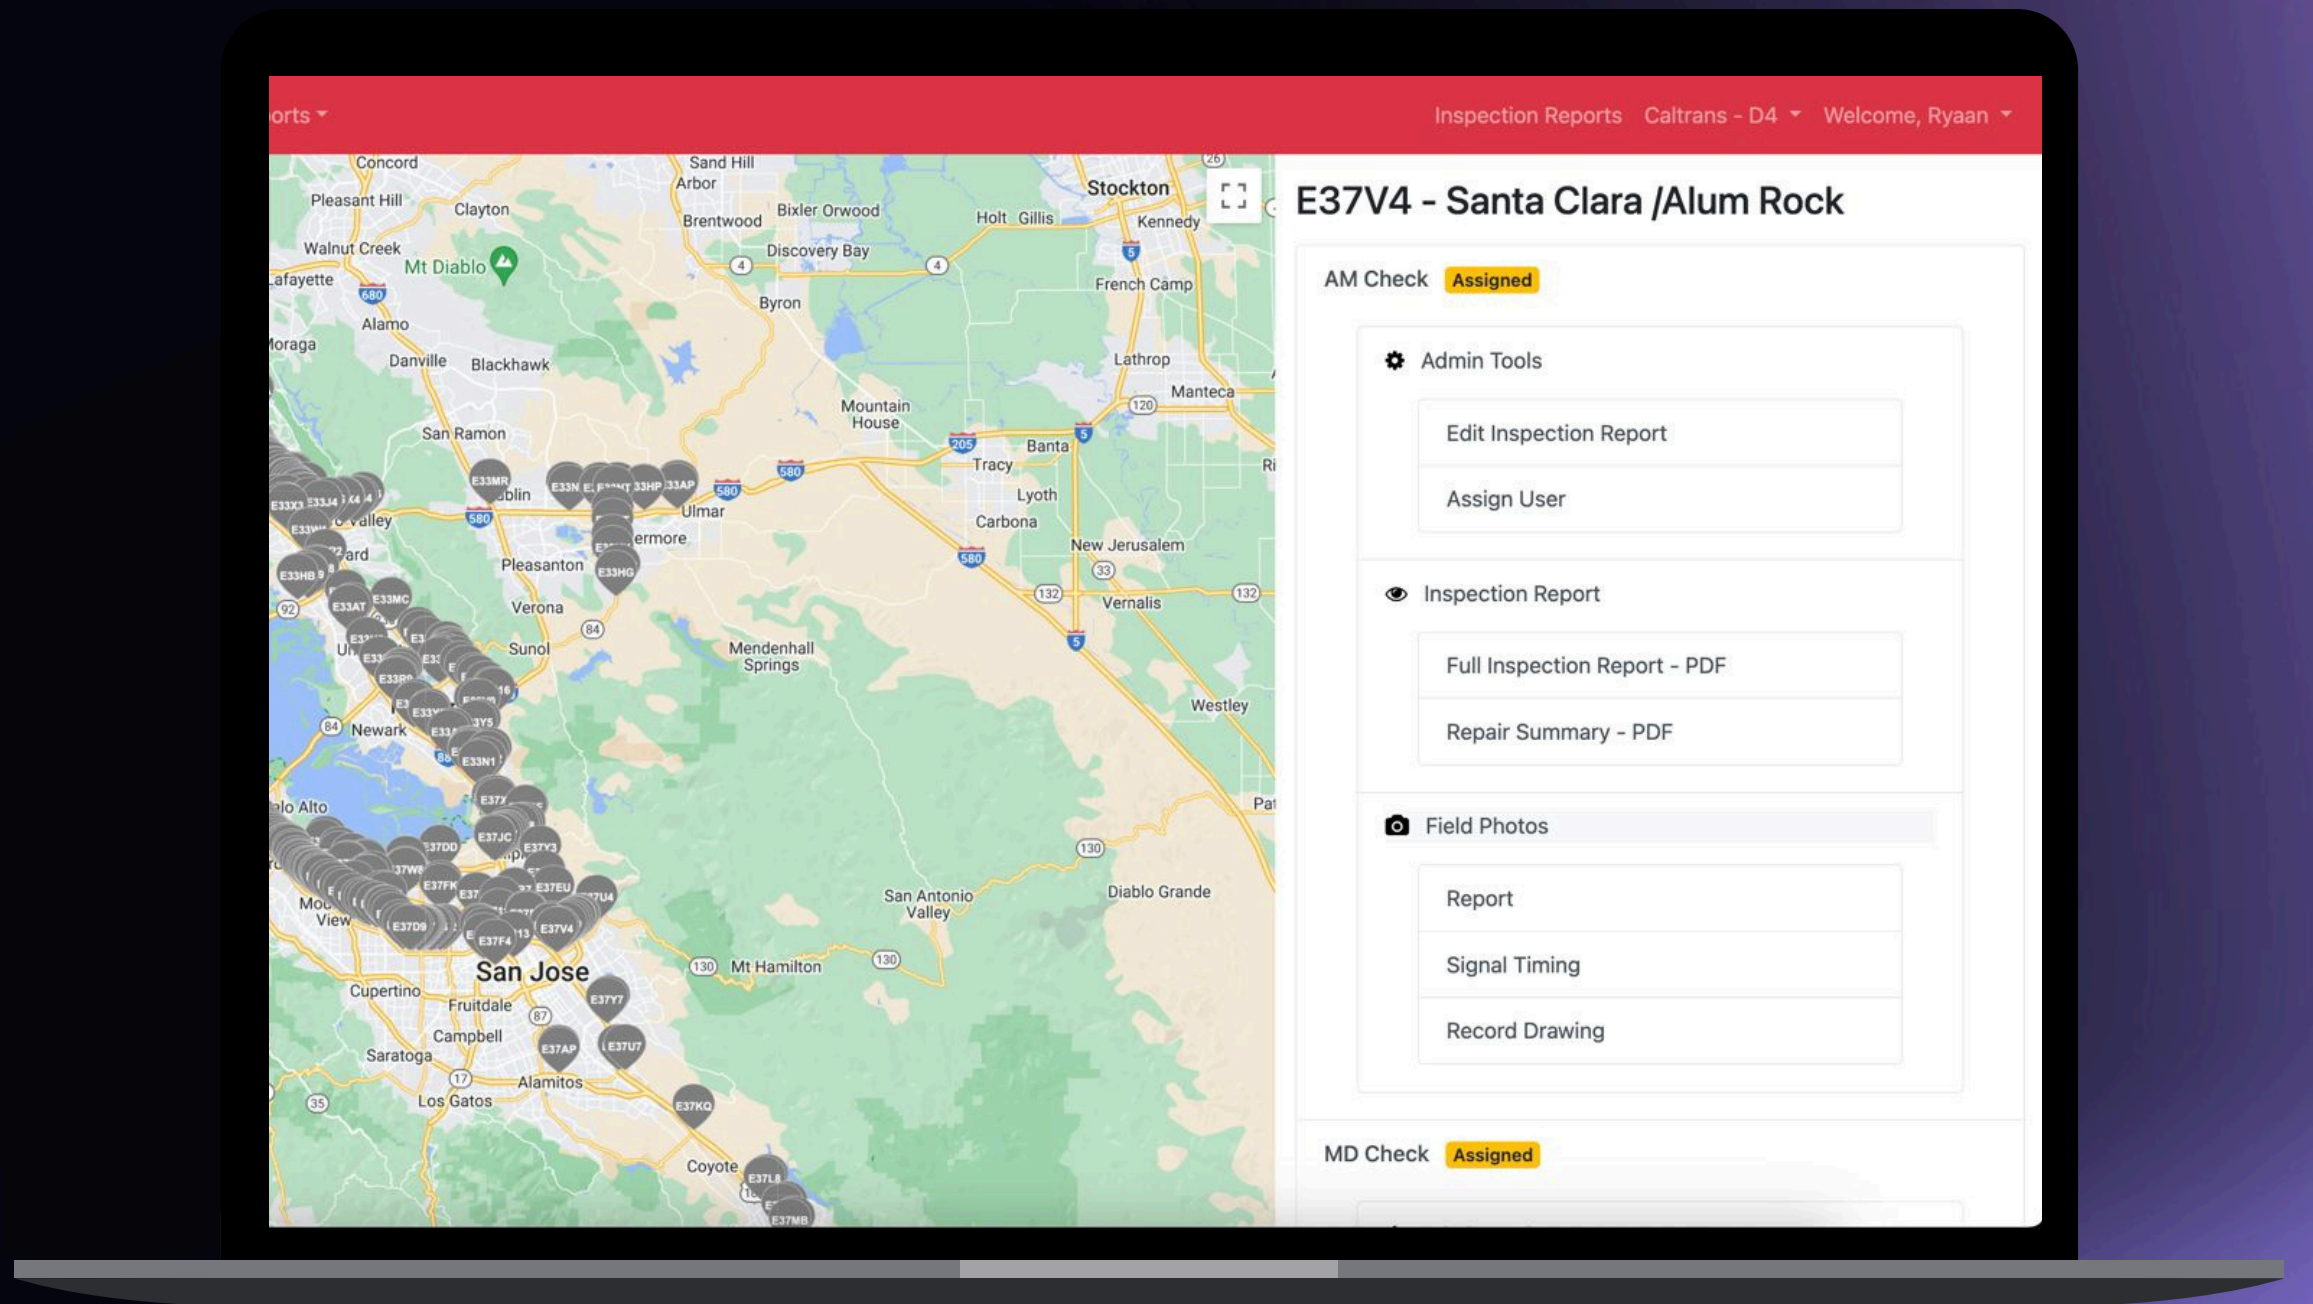

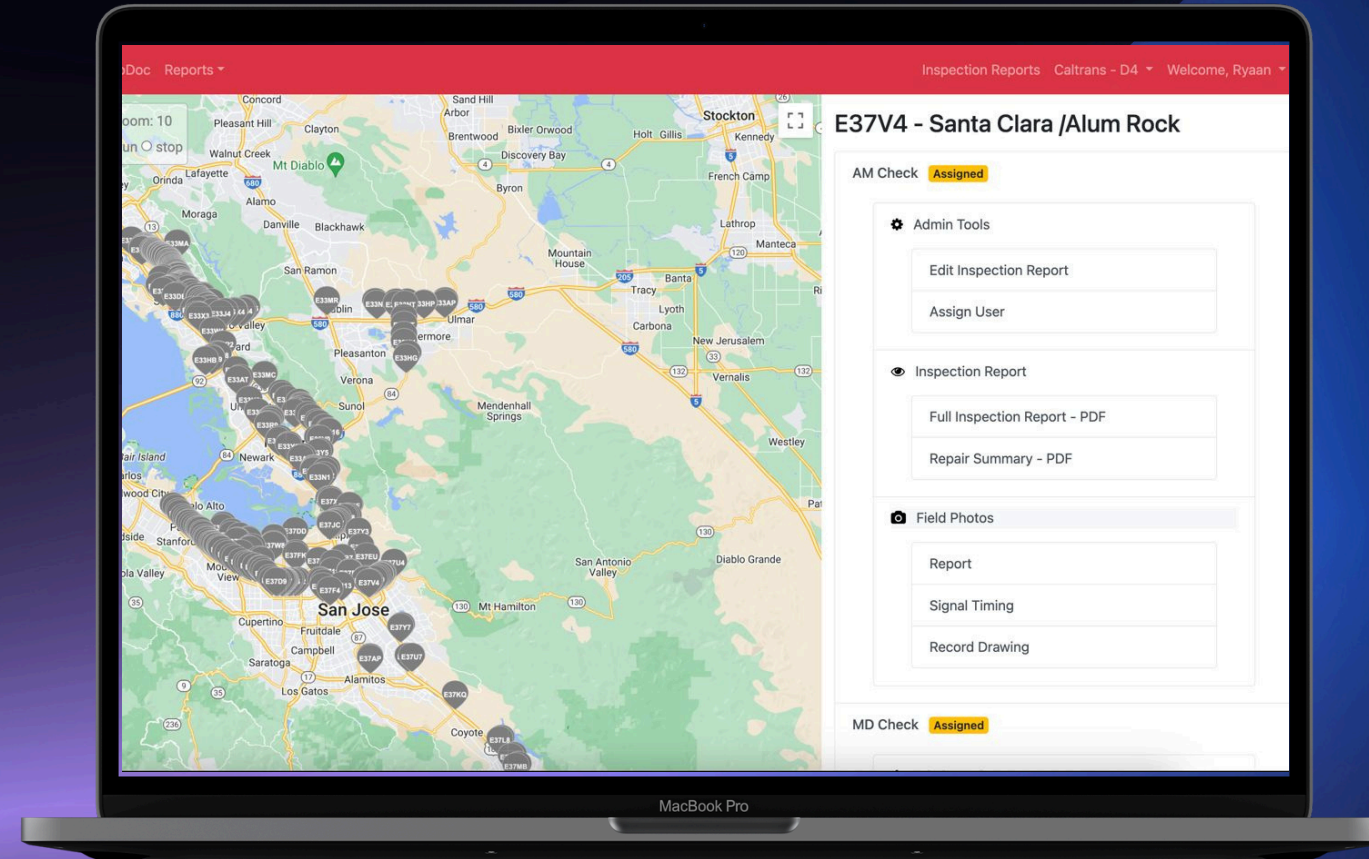

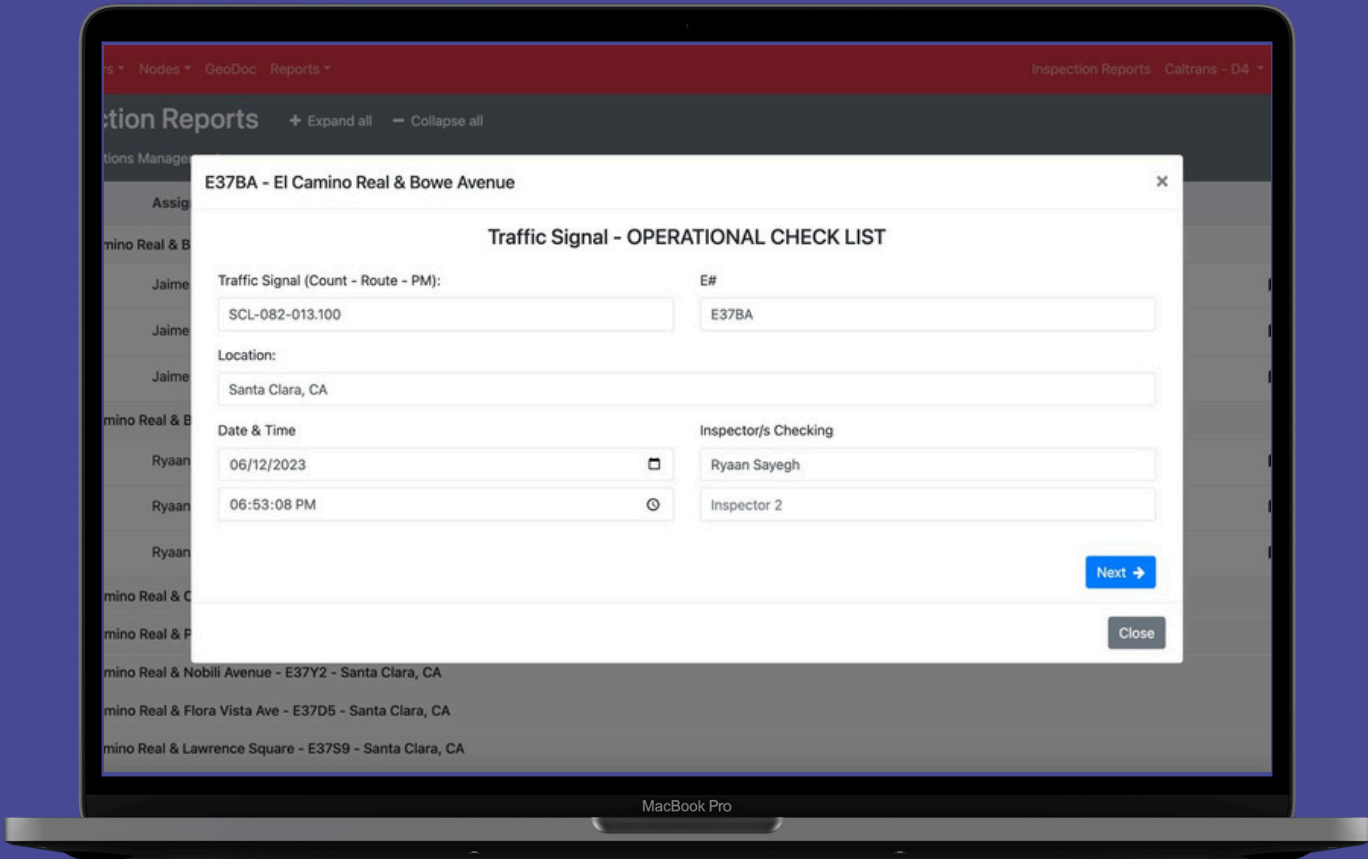

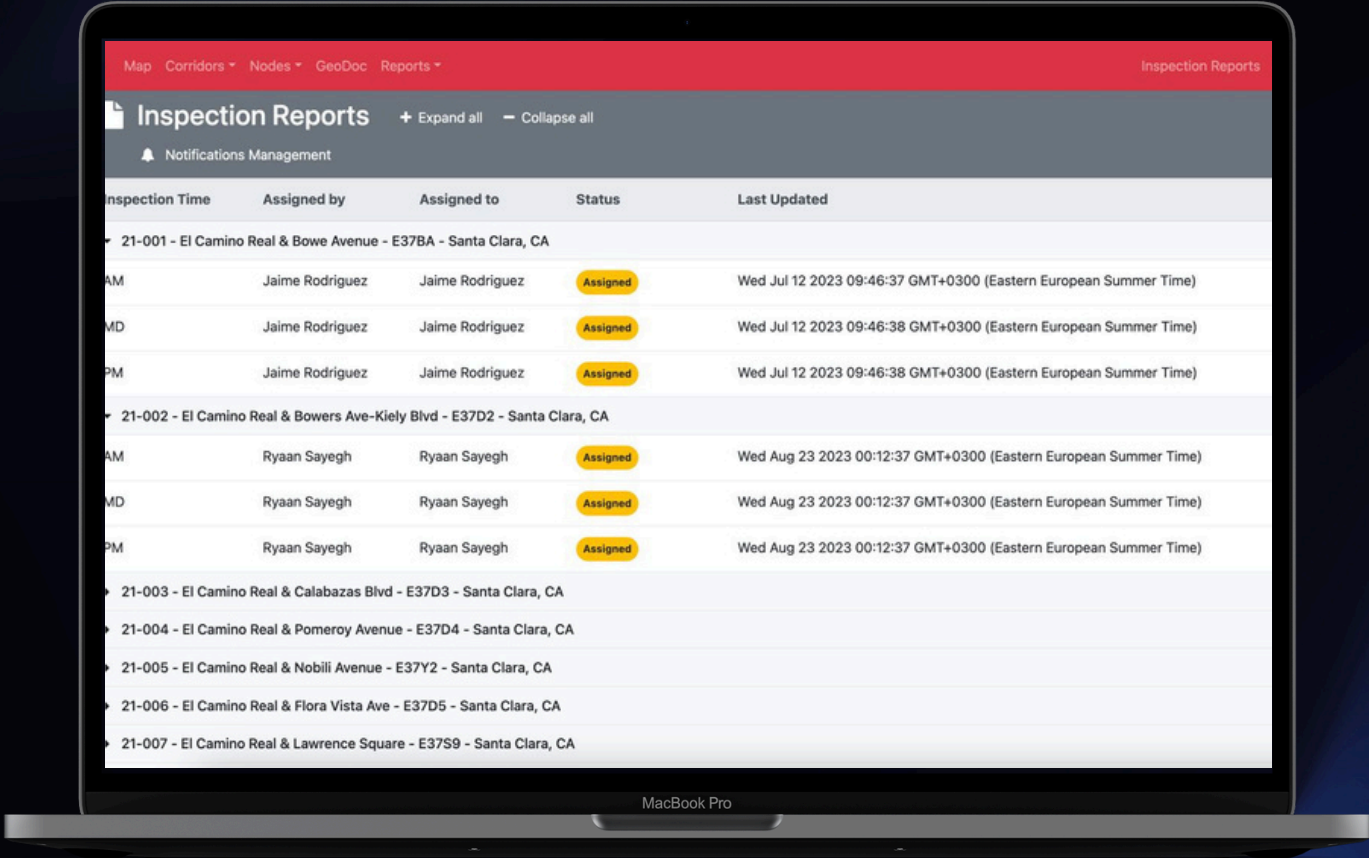

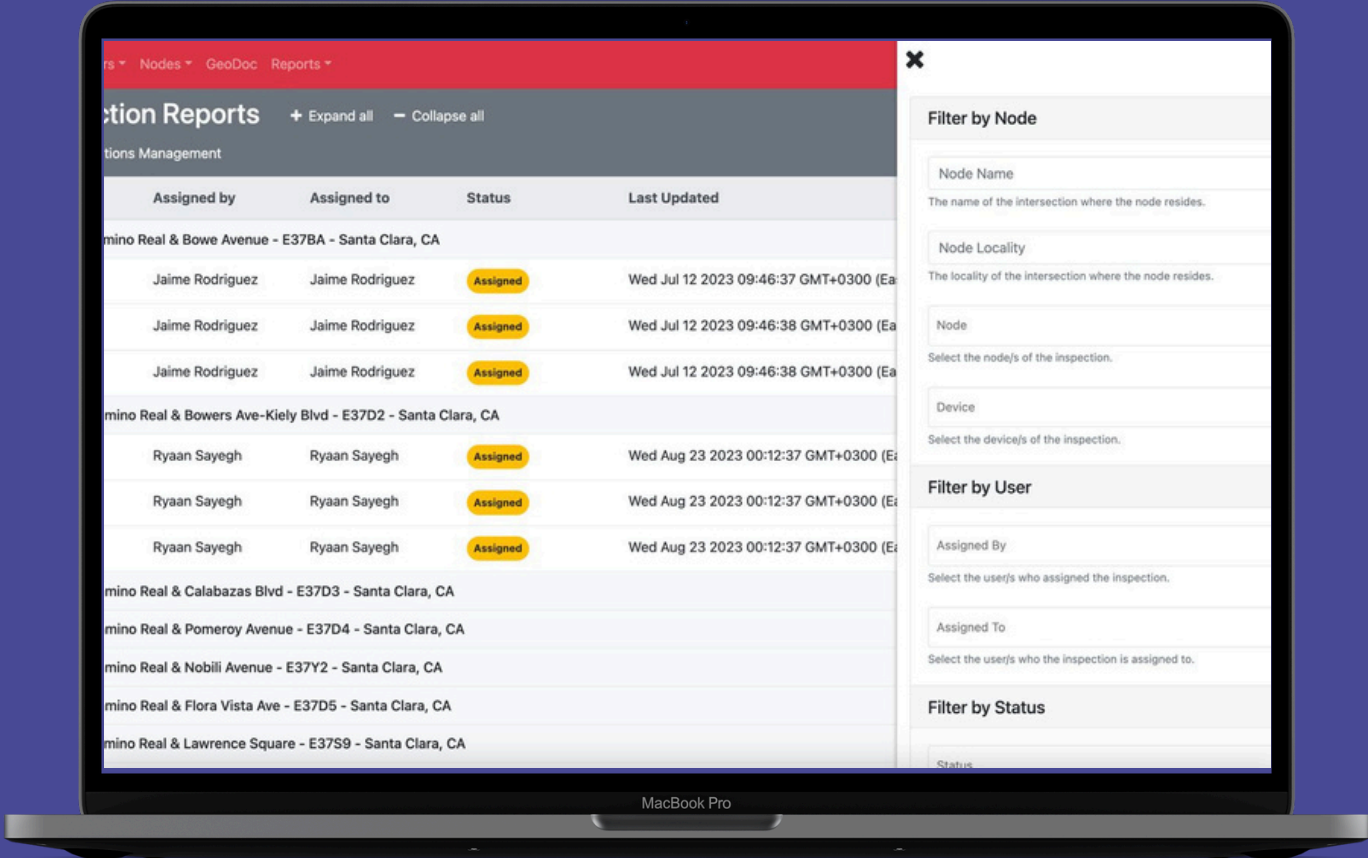

CALLTRANS

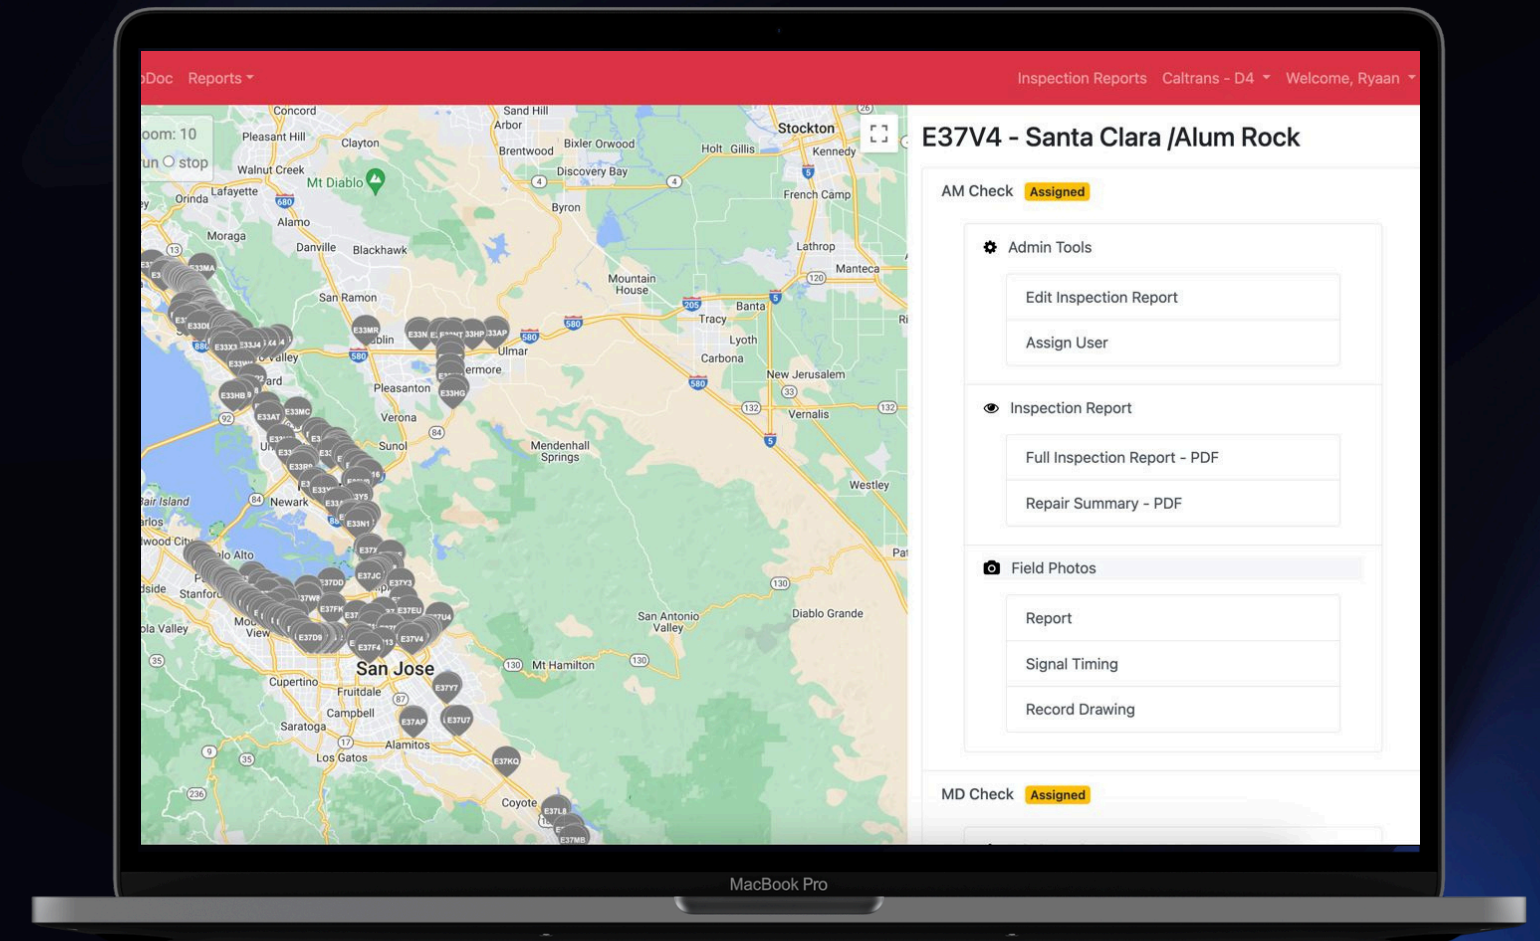

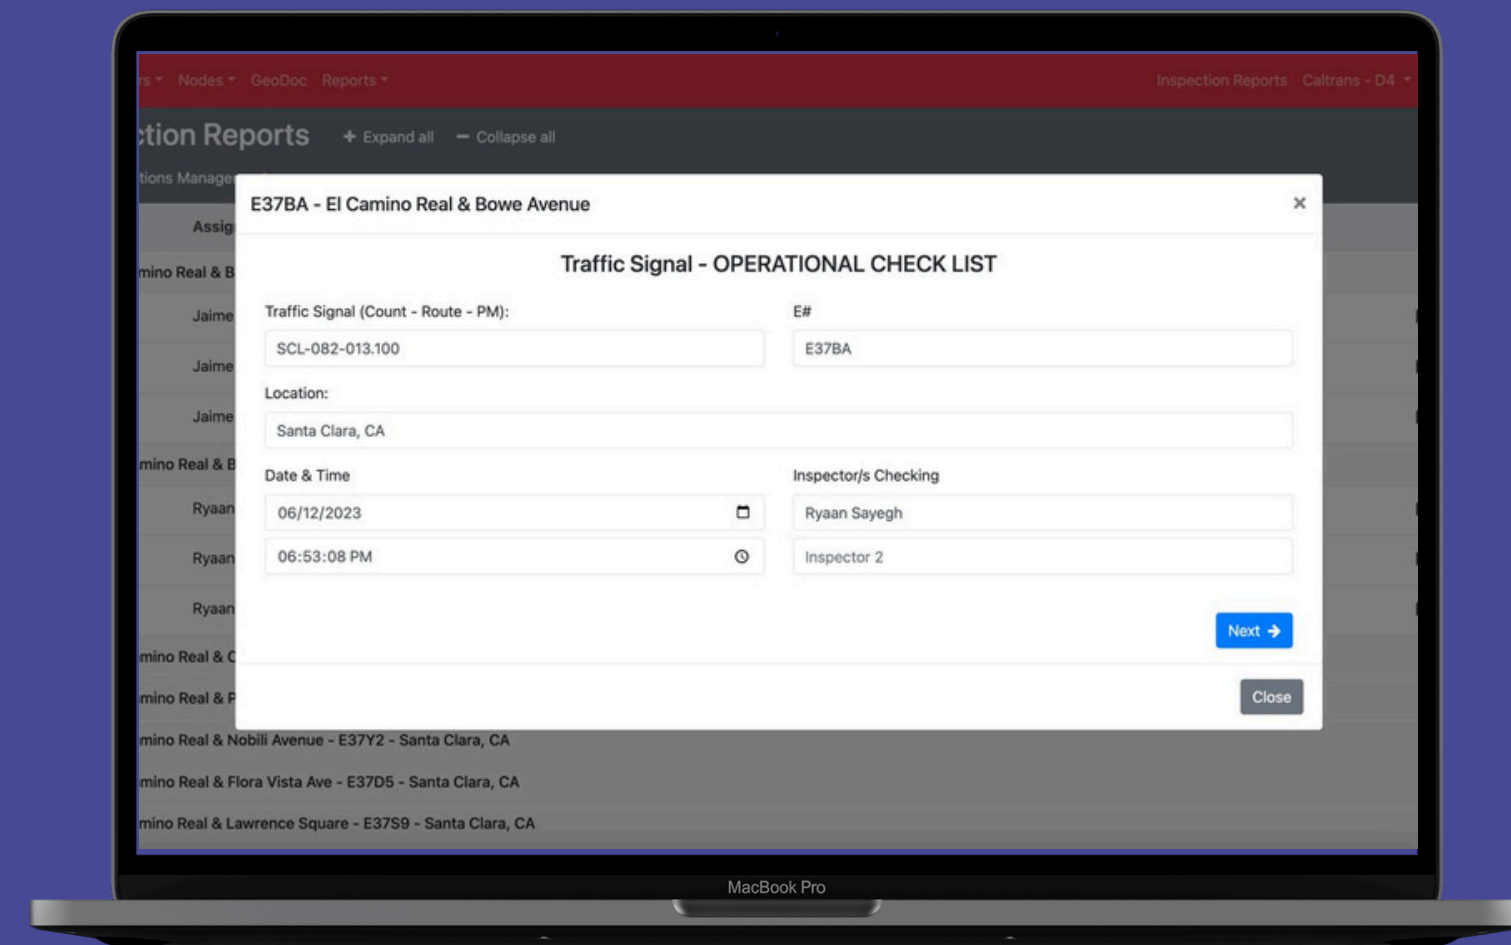

Caltrans is a transportation platform that manages and oversees projects to improve and maintain California's transportation infrastructure, ensuring safe and efficient travel for the public.

CallTrans Admin Panel

The admin panel serves as a centralized platform for efficiently managing transportation projects, encompassing tasks such as product management, inventory tracking, commission monitoring, and payment management

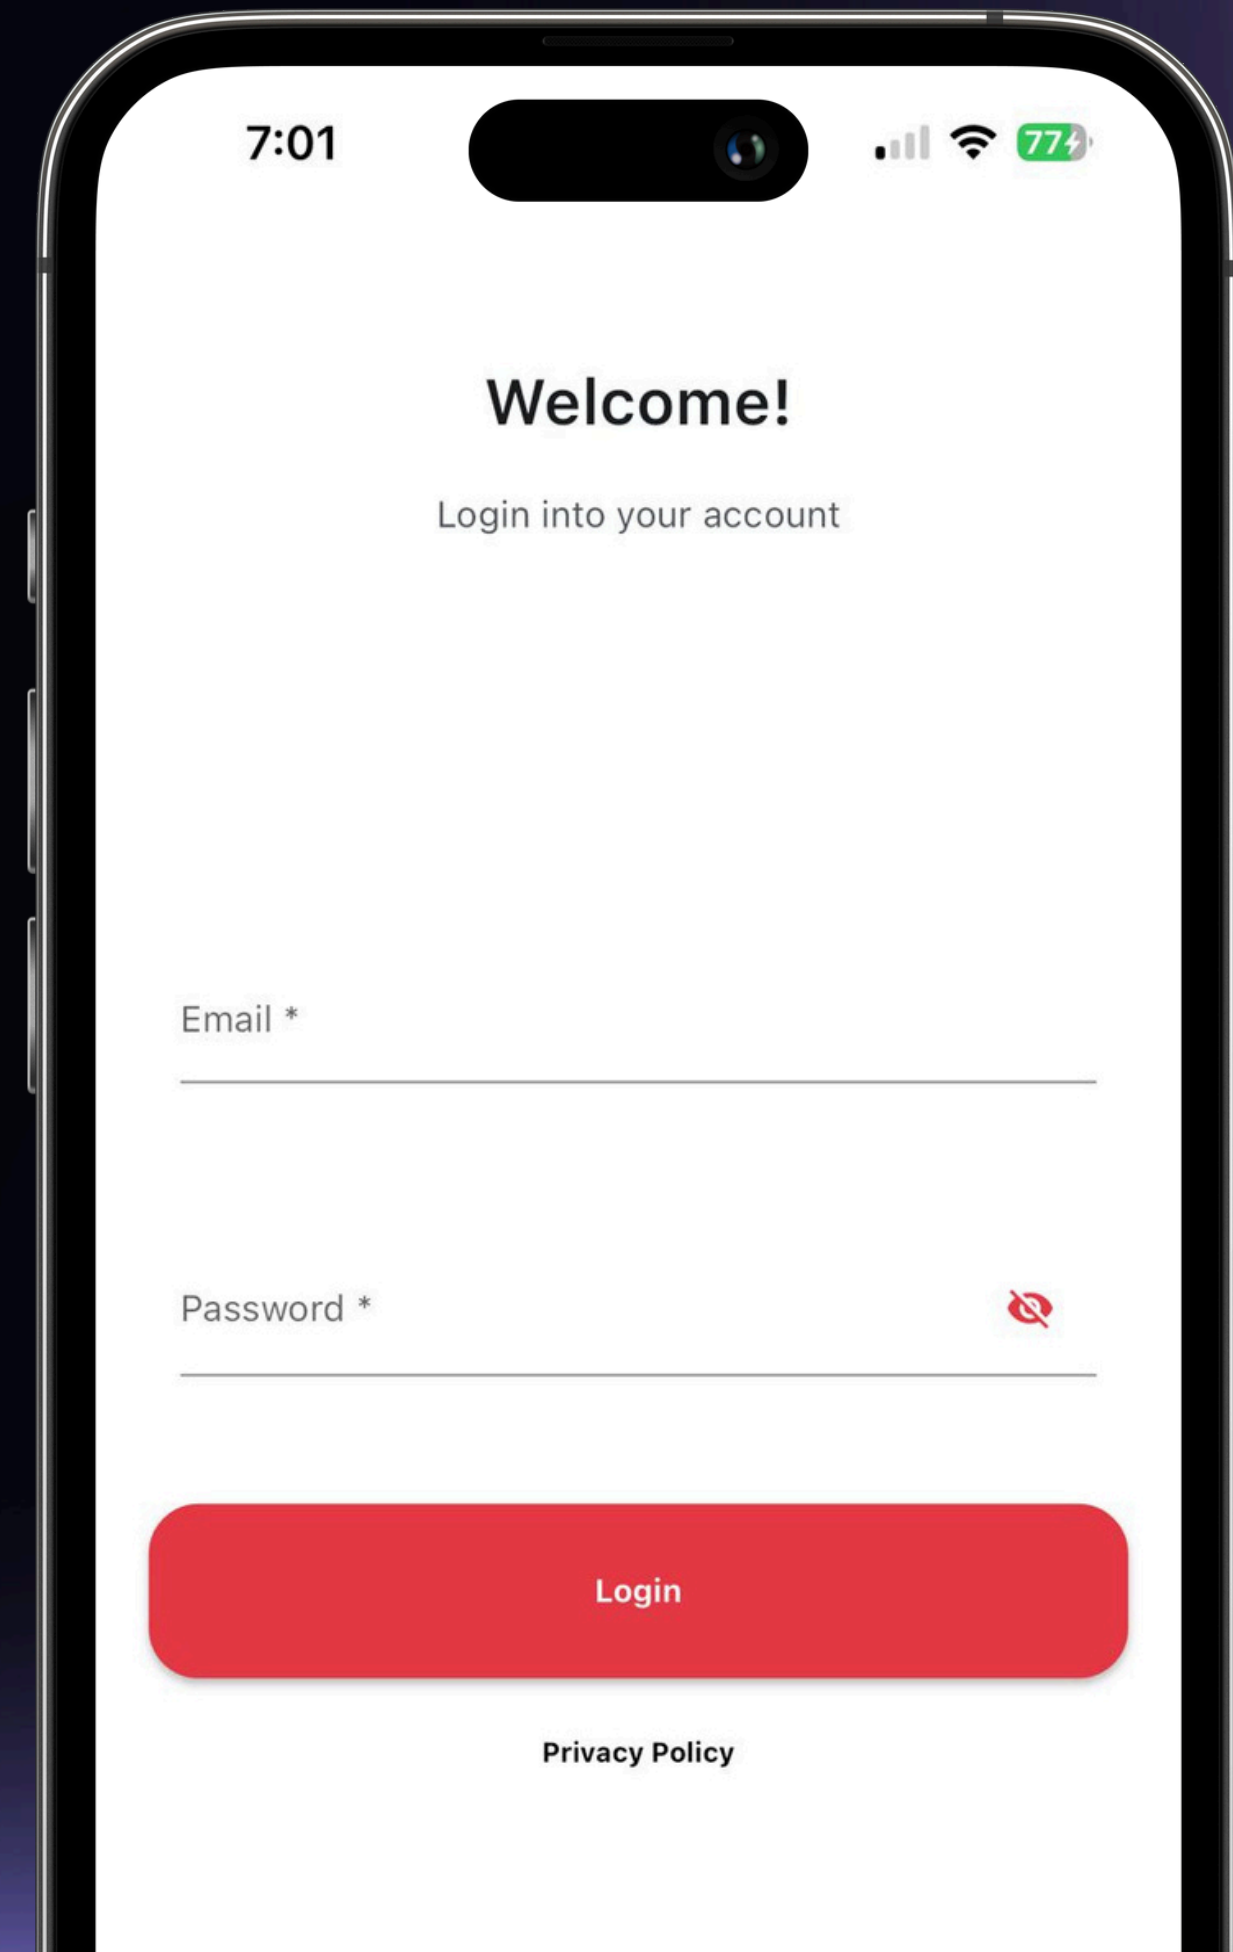

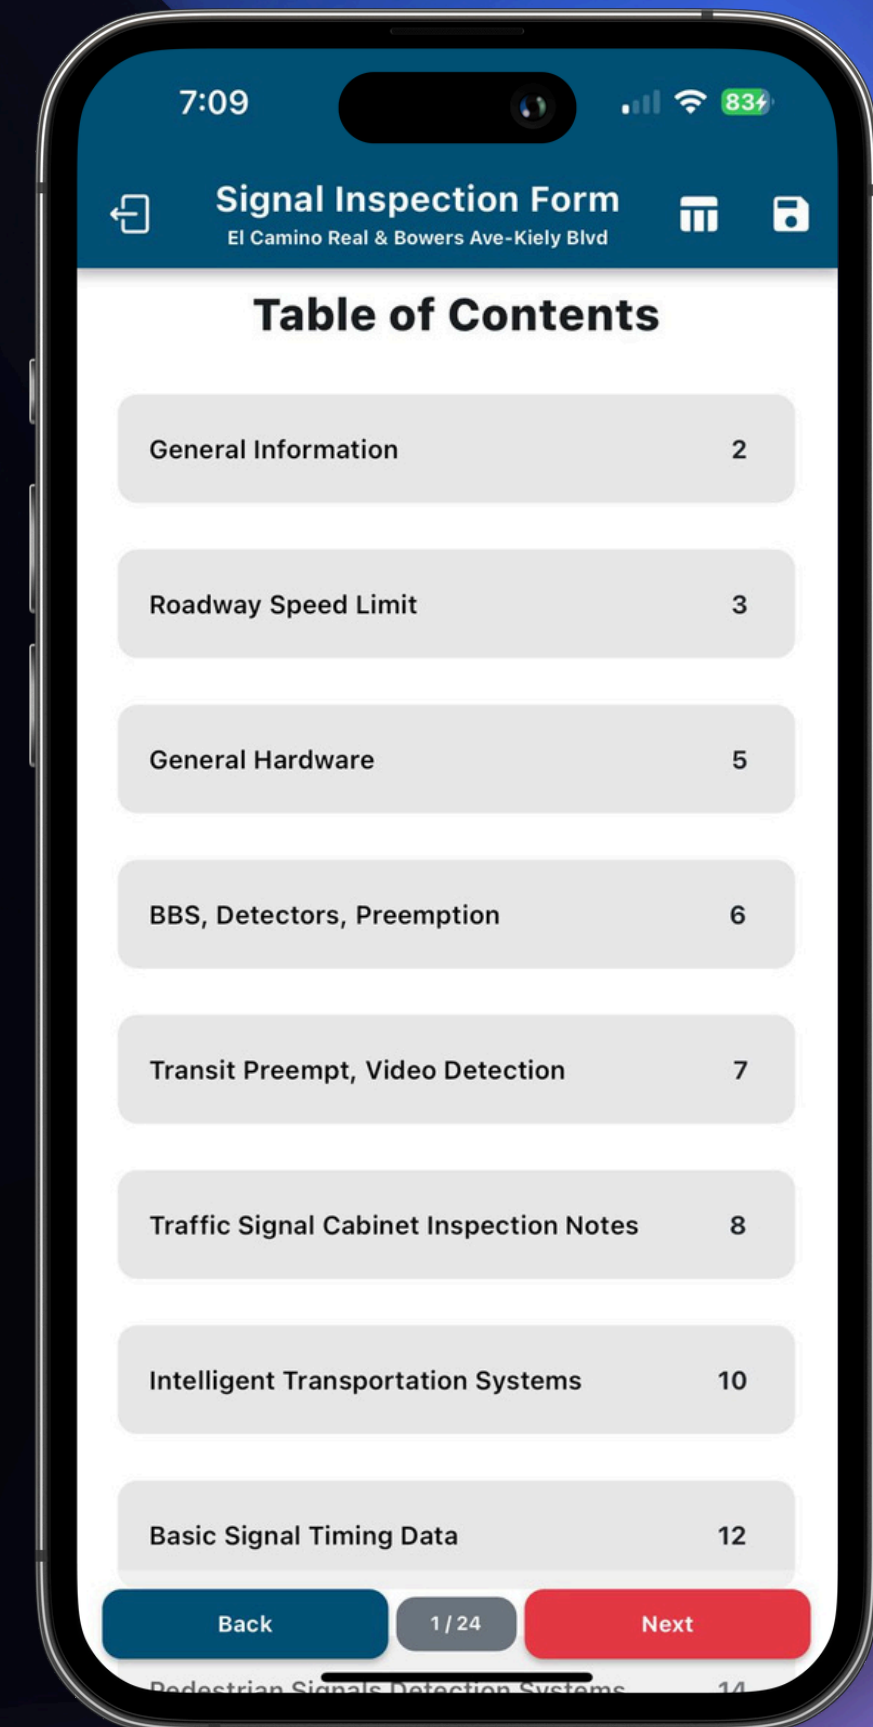

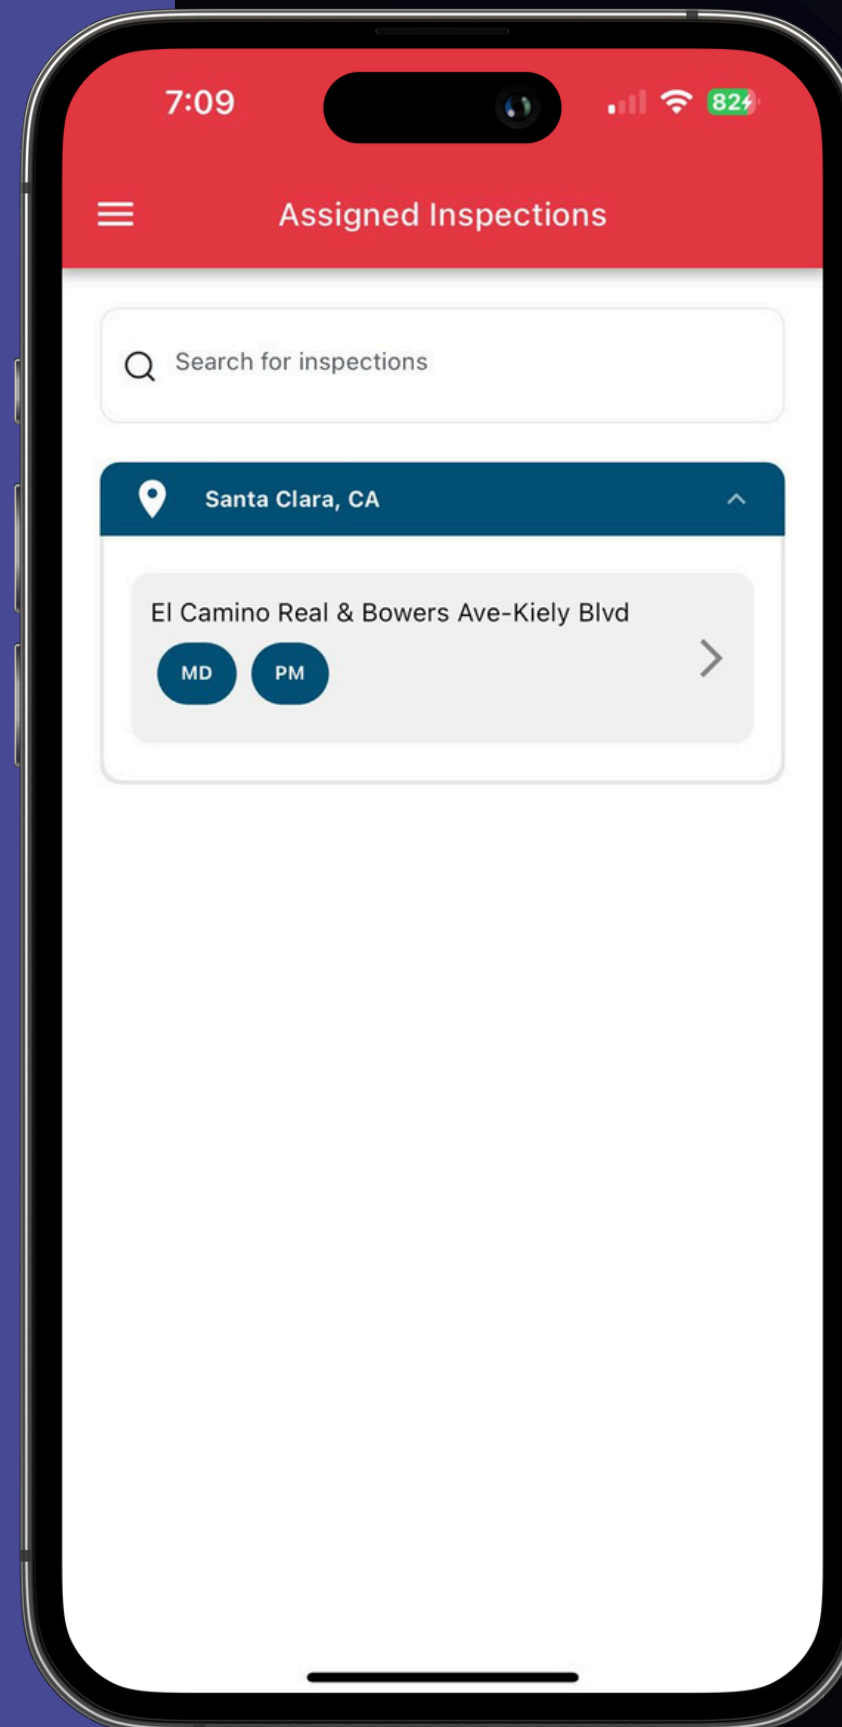

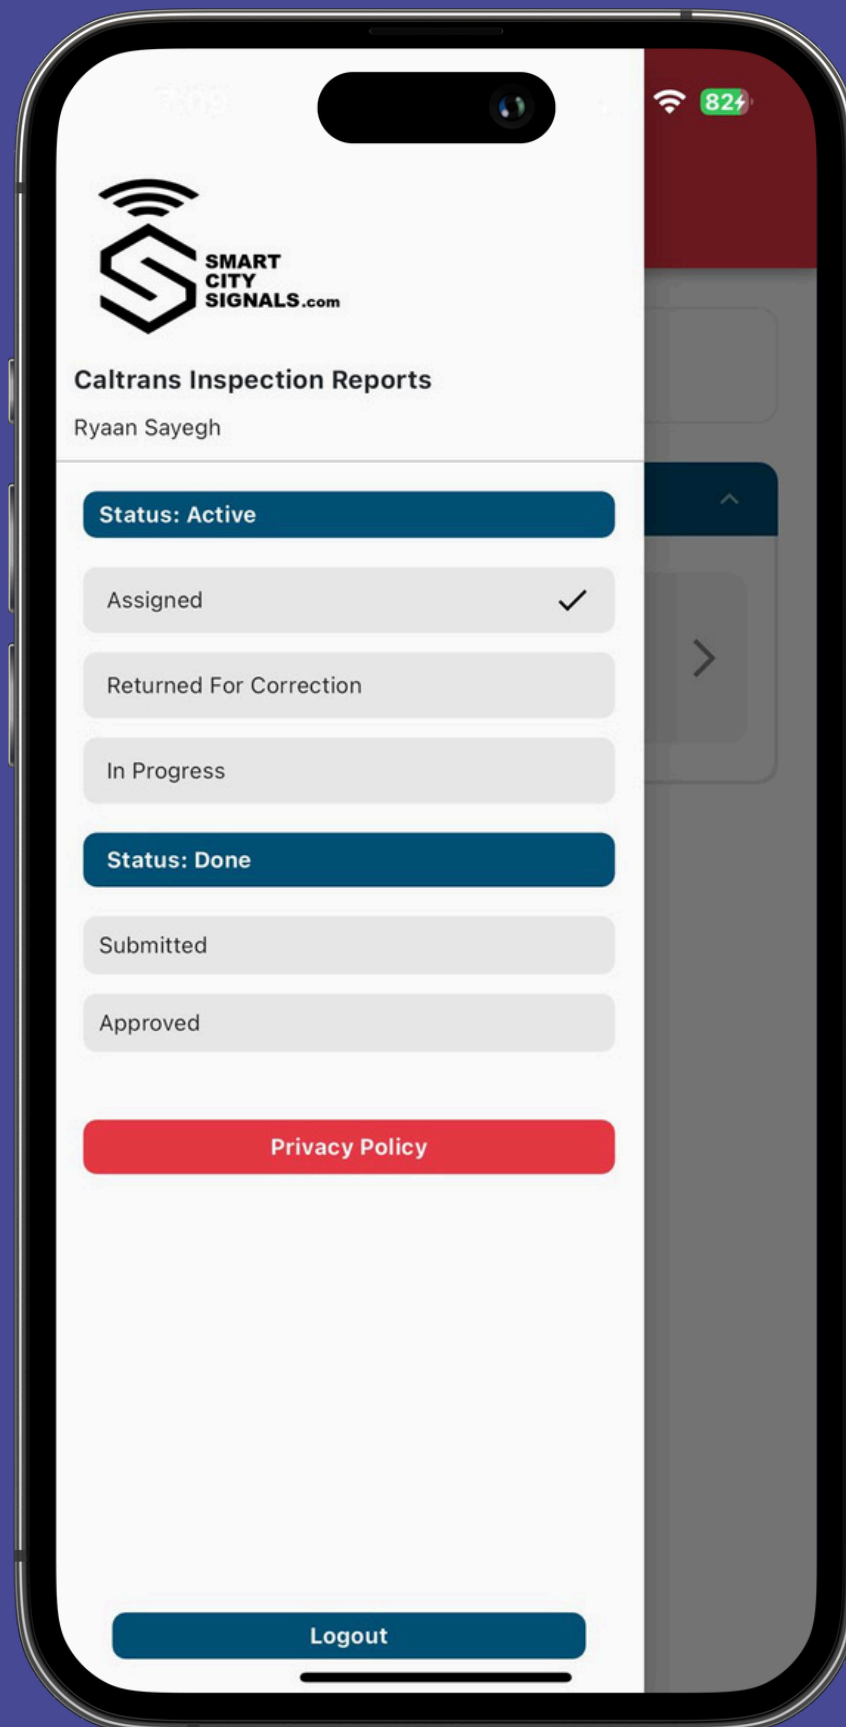

Admin Edit Inspection

The admin panel allows you to easily manage products, including adding new items, updating descriptions, and uploading images.

RESIDENTS

Residents is a Software as a Service (SaaS) platform designed to streamline community engagement, providing residents and administrators with tools for communication, resource management, and event coordination within an organization or city.

Residents Website

Residents.ai is the official website introducing people to the platform, what it offers, and it's uses.

Born in Los Angeles, California, "Residents" was created out of a desire to bridge the gap between organizations and their members. In 2022, our founders recognized the need for a platform that simplifies and enhances community interaction. Today, we're proud to serve diverse organizations across the globe.

Our Mission

To provide organizations and cities with the tools they need to foster vibrant and engaged communities.

Our Vision

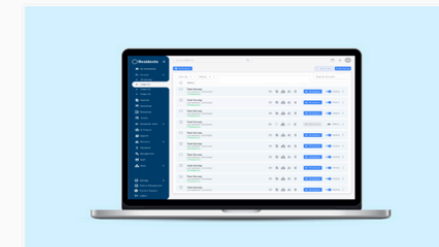

To be the global leader in community engagement solutions, contributing to more connected and harmonious societies.

Our Values

Our values focus on inclusivity, innovation, transparency, and community empowerment, shaping a diverse, progressive, and trustworthy environment.

OUR PRODUCT

Discover Tailored Solutions for Seamless Communication

Main Admin panel

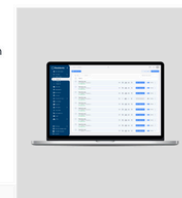

The Admin Panel of Residents is a dynamic control center, empowering administrators with intuitive tools for seamless community management. From event organization and member engagement to financial oversight, it offers a comprehensive suite, ensuring efficient, transparent, and vibrant community interactions.

FEATURES

Revolutionary Features: Empowering Communities With Seamless Tools

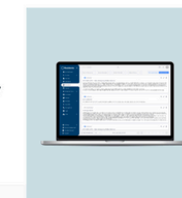

Survey Distribution

Seamlessly share surveys with your community to gather valuable insights and feedback.

Resource Listing

Showcase and highlight community resources, services, and rights for easy access and reference.

INDUSTRIES

Industry Clientele

01. Cities

Residents' equips cities and municipalities with a powerful tool to engage citizens in urban planning, decision-making, and community events, contributing to a livelier and more vibrant city. Transparent decision-making processes, citizen feedback, and inclusive initiatives ensure resident voices are heard and considered. By promoting community events and fostering a sense of belonging, cities create opportunities for residents to connect and contribute to the vitality of the city, fostering a strong and engaged community.

02. Companies

Residents' empowers companies to foster transparent and effective communication among employees, driving increased productivity and a culture of innovation. With a centralized platform for updates, announcements, and news, employees stay informed and collaborate efficiently. Transparent communication encourages idea exchange and feedback, unlocking the collective intelligence for creative problem-solving and continuous improvement, propelling the company's success with a dynamic culture of innovation.

03. HOAs (Homeowners Associations)

Residents' offers homeowners associations (HOAs) the tools for smoothly running neighborhoods through streamlined communication that keeps everyone involved. With centralized channels, HOAs share updates, announcements, and neighborhood news, fostering community and active participation. Efficiently managing inquiries, feedback, and requests ensures timely responses and resident satisfaction, creating a harmonious living environment.

04. Organizations

Residents' helps organizations, such as nonprofits, clubs, and associations, to nurture member engagement and build stronger communities. Streamlined communication, centralized updates, and valuable resources create a sense of belonging among members, strengthening community bonds. With access to resources, events, and collaboration, organizations cultivate an inclusive environment where members feel valued, fostering relationships and driving collective success.
